MANY DEVELOPMENTS IN THE DENVER STRIKE SITUATION

Injunction Granted Against Citizens' Alliance—Transfer Men Will Apply for Injunction Against Teamsters' Union—Arbitration Plans Have Fallen Through.

Special to the Gazette.

Denver, May 14.—Today's developments in the strike situation have consisted in the rejection by the Citizens alliance of the proposition to have separate arbitration for each of the unions, and conditions here continue very much strained. The terms for arbitration submitted by the joint executive committee of organized labor called for the appointment of a committee of five each by the employers and employes directly concerned in each controversy. The 10 to select an 11th man. The alliance took this to mean that there would have to be separate arbitration committees for each union involved. The labor committee received a reply to its proposition before noon, which set forth that the demands of the labor unions seemed to the alliance as unreasonable, unnecessary and unduly cumbersome, and that the alliance could see no reason why one board composed of representative citizens on each side could not take up and settle all questions. The communication offered to select other arbitrators if the persons they had named were not satisfactory.

Three Unions Called Out.

The reply of the alliance was discussed and immediately afterwards three entire unions were called out. In these unions were 487 grocery clerks, 100 expressmen and 71 egg candlers. Over 3,000 unionists are now on strike. About 500 non-union men, but sympathizers, are out also.

There were several instances of riot today, and the police were called on for protection. Most of the riots were started by mobs attacking the coal-laden delivery wagons of the Colorado Fuel & Iron company. It appears just now as though all the strikers are orderly, except the teamsters. In one case where a local delivery wagon was attacked, the non-union driver was badly beaten and bruised.

May Involve Trainmen.

It is stated tonight that the Brotherhood of Railway Trainmen is likely to be drawn into the controversy. The members of the organization, being union men, cannot have dealings with non-unionists, without causing bad feelings. In the Western Packing company's plants, local to the value of $300,000 is stored. There is in other cold storage houses perishable goods to the estimated value of $4,000,000. These goods will be ruined, it is claimed, if any attempt is made to handle them with non-union men. It is stated that engineers will walk out the moment non-unionists start work.

Injunction Against Alliance.

Another complication was sprung today, the unions getting an injunction against the Citizens alliance. The writ was issued by Judge Mullins at 3:30 this afternoon, and temporarily enjoins the alliance as follows:

"First. From in any manner threatening to injure the business or person of any employer or members of plaintiffs' organizations, or members of labor unions, or any person who may employ or desire to employ such union men, or from refusing to sell commodities and supplies of merchandise to employers of such union labor, and from discriminating against such persons in the prices charged for any such commodities.

"Second. From threatening or intimidating in any manner any persons into joining the said Citizens alliance.

"Third. From threatening or intimidating any person who may have become a member of the said Citizens alliance if he employs organized labor or recognizes labor unions into discontinuing such employment or from signing contracts in the future.

"Fourth. From imposing any fines upon its members or any persons for violating any agreement not to employ organized labor or not to recognize labor unions.

"Fifth. From receiving or paying out any money whatever in pursuance of any agreement to break up labor unions, except attorneys in this action.

"Sixth. From paying or offering any money to officers or members of unions directly or indirectly as a bribe to do or not to do any act in pursuance of any agreement of any of said defendants against such unions.

"Seventh. From importing or engaging agents and servants to import any laborers into the city and county of Denver, state of Colorado, in pursuance of any existing plan to destroy labor organization, or under any similar or new arrangement or plans.

"Eighth. From bringing any injunction suits or action in pursuance of any general plan of prosecution to break up labor unions or of any new or similar plans concocted directly or indirectly with any existing plans.

"Ninth. From refusing or influencing landlords to refuse to receive rent from members of any union or from ... any labor union from its meeting place."

Employers Seek Injunction.

The business men will ask for an injunction tomorrow morning. The Transfer Men's association, the employers of the teamsters, late this afternoon served notice on the joint executive committee of labor unions that tomorrow morning an application will be made to the United States court for an injunction to prevent interference with the transfer business. The case will come before Judge Lewis at 10 o'clock, and it is understood that the injunction will cover every ground possible to prevent interference. The court will be asked to issue an order against picketing, congregating on the streets, against gathering around, or following vans and vehicles of the transfer companies and against standing in front of the company's stores and annoying patrons.

State Board Ready.

The new state board of arbitration, composed of William Walk of Pueblo, D. M. De La Vergne of Colorado Springs and John ... Harley of Denver, met at the capitol this morning and effected a temporary organization. Mr. Walk was chosen temporary chairman and Mr. Harley temporary secretary. The strike was discussed this morning, but as neither the Citizens alliance nor the unions having submitted any grievances, the board was powerless to commence an investigation. It was decided, however, by Mr. Walk and Mr. De La Vergne to remain in Denver for a while and place their services at the disposal of the contending interests. Pending propositions of arbitration between the alliance and the unions, the state board will not make any move unless called upon to do so. Former Lieutenant Governor Coates states that the state board of arbitration will not be asked by the unions to take any hand in adjusting the differences.

LABOR COMMITTEE'S REPLY TO THE CITIZENS ALLIANCE

By Associated Press.

Denver, May 14.—The Citizens alliance this morning replied to the arbitration proposition of the strikers' committee, reiterating its position and renewing its offer of submitting all grievances to one board of arbitrators. The letter of the alliance which was addressed to the fire and police board was submitted to the unions' joint committee, the following response being made this evening:

"Denver, May 14.

"Hon. Frank Adams, President Fire and Police Board, Denver, Colo.

"Dear Sir:—Your letter transmitting a communication from the Citizens alliance in answer to organized labor's proposition for arbitration of the present labor difficulty was duly received at 11 a. m. today, just two hours later than the time promised for such answer to be made.

"To say that we were shocked and surprised at such answer is putting it mild, indeed. But yet we need not have been surprised, as it plainly proves all that has been charged against the alliance in continually refusing to deal with labor unions or allowing its members to deal with labor unions, and that when ... a definite, straightforward proposition is offered on which a settlement of the differences can be arrived at, the alliance dodges the issue and puts us off with a well-sounding but insincere subterfuge.

"The general labor committee has not issued an ultimatum to any person or any organization. What we did submit was a plan for arbitration at your suggestion.

"To say that our plan for arbitration —consisting from employers and employes directly concerned—is 'unreasonable, unnecessary and unduly cumbersome,' is contrary to all accepted and approved methods of arbitration the country over, and is merely a pretext used by the Citizens alliance to refuse to ... the unions ... to deal directly with their employes if they are members of labor unions.

"... noble opportunity has been given to employers to consider and adjust matters, and many of them would have done so before now had it not been for the interference of active members of the alliance who are not employers of labor themselves, but are either the attorneys or paid agents of some of the large corporations who have their headquarters in this city. As we have had the opportunity of talking with them, the real business men of Denver, including those who are members of the alliance, express themselves as preferring to deal directly in such matters with their employes, and the members represent ... the alliance with whom we have met in conference have individually expressed the same sentiment. Then why this continual change of front when a written communication is made?

"The whole reply is an evasion of the proposition of arbitration, is slanderous and abusive in its character and only tends to make relations more strained.

"We thank your board for its efforts to bring about a harmonious settlement of the existing difficulties, and we can assure you and the employers directly concerned that our offer of arbitration on the lines proposed by us still stands and will so continue to stand until the differences are settled and industrial peace in this city is established.

"As for the Citizens alliance, it is now supplying the places of our members with its own wage working members and we look upon it as a strike-breaking and labor union destroying organization, and we will have no communication or dealings with that body, nor recognize it in any manner.

"Respectfully yours,

"General Executive Committee of Organized Labor.

"D. C. Coates,

"Henry M. Walker."

TRANSFER MEN'S NOTICE OF APPLICATION FOR INJUNCTION

By Associated Press.

Denver, May 14.—Attorneys Talbot, Denison and Wadley for the Transfer Men's association, today gave the following notice to the joint executive committee of organized labor:

"You will please take notice that on the 15th day of May, A. D. 1903, at the hour of 10 a. m. of said day, in the postoffice building at Denver, Colo., in the court room we shall apply to the said court for an injunction in accordance with the terms of the bill of complaint herein which is on file in said court, enjoining and restricting said defendants, individually and in their official and representative capacities, their associates, confederates, co-conspirators, agents, servants and employes, and all persons aiding, abetting or assisting them in the unlawful conspiracy set forth in said bill, and all persons whosoever conspiring with them, temporarily pending this suit and the final hearing thereof, from in any way or manner interfering with, hindering, obstructing or stopping any of the business of any and all of your complainants as common carriers, of freight between or among any states of the United States or from in any way or manner interfering with, hindering or obstructing or stopping the teams, wagons or vehicles engaged in carrying freight and articles of interstate commerce; and from in any manner posting or keeping posted at or about the places of business of your complainants or any of them, pickets instructed or directed to challenge, stop, threaten or intimidate any of the employes of your complainants, or any of them, from proceeding with their work and service as such employes, and from in any manner interfering with any of the employes by violence, threats or personal injury, calling of vile names or offensive epithets, or any other conduct calculated or intended by intimidation or humiliation to prevent any of the employes of your complainants, or any of them, from continuing in such employment or performing the service for which they are employed.

"From congregating on about the teams, wagons or employes of your complainants and demanding and commanding that the employes shall desist from their employment.

"From ordering, directing or inciting any other persons, to threaten, assault, or by the use of profanity or vile epithets to intimidate any employes, or to seek in any way by violence or threats of violence or injury to property or persons, to prevent the employe from continuing in the service of their employers.

"From following the employes of your complainants or any of them, to their homes or other places in the city and county of Denver for the purpose of intimidating and from attacking, assaulting or injuring any of said employes, or from publishing any orders, statements, rules, or directions by the officers of the Van Drivers and Helpers local union No. 62, or of the Teamsters National Union of America Transfer Drivers No. 83, or of any other similar organization commanding and enjoining under pain of personal violence or other persecution, any of the employes of your complainants, or any of them, from continuing in the service of your said complainants, or any of them, and further restraining and enjoining the said Van Drivers and Helpers Local union No. 62, and the Teamsters National Union of America Transfer Drivers No. 83, its officers and members, by combination or agreement or concert of action, to perform any act by assault, intimidation or destruction of property, or in any unlawful manner to prevent your complainants, or either of them, from moving any article of merchandise or any articles of personal property while in transit in course of shipment between any point within the city and county of Denver in the state of Colorado, or in any way or manner interfering, either directly or indirectly with the business of your complainants while engaged in interstate commerce.

"Said application will be based upon the bill of complaint and affidavits on file in said cause."

In several instances drivers were stopped, their teams unhitched and the contents of the wagons strewn on the street and in one case nearly destroyed. It is reported that several drivers abandoned their wagons without cause, leaving the teams hitched to the telegraph poles or standing in the streets.

Chief of Police Donahue has ordered that ... arrested for rioting shall not be released on bond until after their ... An attempt was made to secure the ... on bail of men arrested ... but they were refused their liberty.

Chief of Police Donahue says a meeting ... was held last night at which it was decided to adopt forcible measures today if necessary. The President Crews of the Teamsters union denies absolutely and says union men have been warned that they will not receive any protection when arrested for violence.

The situation seems to be more strained than at any time since the strike began and further trouble is feared. Attorneys for the Business Men's association intimate that the governor will again be asked to take a hand and be asked to send troops to Omaha.

ERUPTION OF COLIMA

By Associated Press.

Tuxpan, Mexico, May 14.—There was a heavy eruption of Colima volcano last night accompanied by deafening subterranean noises, an abundant flow of lava and a heavy rain of ashes. The eruption continued all night. People in the neighborhood of the volcano are panic stricken.

MILES' COMPLETE REPORT WAS GIVEN TO THE PRESS

Statement Made in Reply to Question of the General—Answer Says That Mr. Herbert Welsh Asked to Have Report Brought to Public's Attention.

By Associated Press.

Washington, May 14.—Secretary Root and a number of other officials in the war department today received a circular letter from Herbert Welsh of Philadelphia which also has been mailed to a number of private individuals, in reference to the report of Lieutenant General Miles. The letter desires that letters be addressed to the president, Secretary Root, Adjutant General Corbin, Judge Advocate General Davis, Assistant Adjutant General Hall and Assistant Adjutant General Ennis asking them to publish for the information and guidance of the country the full report of General Miles regarding affairs in the Philippine islands. He suggests that especial request that the report of Major Hunter into the facts of the killing of Filipino prisoners ... for the purpose of extracting information from them be included in the publication. He says he has not seen General Miles' report. Having in vain tried to secure a copy of it from the war department, but believes that it contains information that the citizens should have. Mr. Welsh says that 100,000 souls have perished in those islands from war, famine and pestilence and, further, he claims in his letter he refers to the military records of General Miles on the civil war and to several Indian campaigns and says that with a few ... and letters ... the ... he ... the ... well ... He suggests that persons interest their senators and representatives in the matter.

Secretary Root referred the circular letter he received to Judge Advocate General Davis.

The war department today made public the letter of Adjutant General Corbin to General Miles answering one sent to the secretary of war yesterday regarding the publication of General Miles' report.

Following is the letter of General Corbin to General Miles:

"I am directed by the secretary of war to inform you that he is in receipt of your communication of May 13, 1903, which reads as follows:

"'I have the honor to request an exact copy of my reports as furnished by the war department to the public press, and also desire to be informed as to who gave them out and who received them.'

"Complying with your request, I have the honor to inform you that copies of your reports as furnished by the war department to the public press were complete and exact copies of the entire reports, being your general report upon affairs in the Philippines, dated February 19, 1903, and your special report on alleged cruelties in the Philippines bearing the same date. For your convenience duplicate copies of both documents as given out are transmitted herewith. I have the honor further to inform you:

"1. That your report to the secretary of war dated February 19, 1903 was given to the press in full by the then acting adjutant general, Colonel W. P. Hall, A. A. G., to the authorized representatives of the press organizations. And,

"That your special report of the same date was given out with the approval of the secretary of war by the judge advocate general of the army, the full text of which was furnished to the press representatives."

In General Miles report on the alleged cruelties was also a criticism of the rice transaction in the reconcentrado camp in Batangas province. General Miles, in discussing this matter, refers to a report he had received from the commanding general in the Philippines, his report saying: "Copy herewith inclosed." This copy was not furnished with the report of General Miles and it has been charged that it was suppressed. The war department today made public the copy referred to. It is a report of Major General Davis addressed to General Miles and contains all the correspondence, telegrams and all documents that refer to the purchase, distribution and sale of rice to the people in the reconcentration camps. It is a very voluminous document, but the main features were covered in summaries which have been published heretofore.

GRAND JURY IS TAKING EVIDENCE FROM BUILDING INSPECTOR CORAY

The grand jury will not finish its work before Monday evening. It is probable that its last hours will be devoted to the return of true bills unearthing startling developments followed by the most important arrests that have yet been made.

E. G. Coray, formerly building inspector has been one of the witnesses before the grand jury and will again appear before that body. The evidence that Mr. Coray has given goes intimately into the affairs of several city offices, it is said, and is of the nature of the disclosures threatened by Coray shortly after the information charging embezzlement, larceny as bailee and misappropriation of public funds were filed against him in the district court by the finance committee of the city council. It is reported that indictments will be returned against officials whose offices were close to that of the building inspector.

Coray stated prior to the calling of the grand jury and during the campaign preceding the city election that he was in possession of information that would affect seriously a number of officials. Before he had time to give this information he was promised, it was reported, immunity or at least no further prosecution if he would desist from making public his knowledge in regard to the affairs hinted at by him in the statement. This was acknowledged by those close to the then building inspector.

Coray, it is known, was high in the councils of the party and held office during the time when the alleged facts which constitute many of the charges against the officials whose offices are under investigation by the jury, came to pass. Coray appeared before the grand jury early in the week and as he was called by business to Grand Junction where he is looking after contracts in regard to the erection of a school building, he was excused by that body and requested to appear before it again. This he will do either today or tomorrow. His presence before the jury has been generally known and has created much speculation.

Attorneys Lombard and Colwell, who have been retained by Coray, state that the charge against him as embodied in the information will not stand in court. As has been announced, his defense will be that he can not be held legally liable for the money collected on water rents as it was not his duty so to do, and the transaction could not be embezzlement or the misappropriation of public funds as he was not acting in the capacity of a public officer, but necessarily a private citizen, there being no authority in the ordinance prescribing his duties, permitting him to make collections. He has placed the blame on Water Commissioner E. C. Davis. It is known that Davis' office has been under investigation.

It is expected that a large batch of indictments will be returned by the grand jury tomorrow.

SLEEP THE ONLY THING THAT SAN FRANCISCO WAS SHORT OF

By Associated Press.

San Francisco, May 14.—President Roosevelt bade farewell to San Francisco last night, his last day, like the others here, having been so completely taken up that it served to verify the smiling remark he made yesterday that the city of the Golden Gate had given him everything except sleep. Early this morning the presidential party with an escort of sailors and marines left the Palace hotel and participated in the unveiling of the monument commemorative of the victory of Commodore Dewey and his fleet at Manila bay. Here the president dwelt strongly on the necessity of a stronger navy and of practical training at sea. Then a trip was taken across the bay to Berkeley, the home of the University of California, where the president spoke at the commencement exercises. The citizens of Oakland next claimed Mr. Roosevelt's presence.

Following came a visit to Vallejo, where the cornerstone of the Y. M. C. A. building for Uncle Sam's seamen was laid.

Inspection was then made of the Mare Island navy yard and the party returned at 7 o'clock to attend the Union League club banquet.

Covers were laid for 300 people and included most of the judges of the state supreme court, the president of the club, George Pippy and Judge John Davis, who bade President Roosevelt welcome. Mr. Roosevelt made response and the list of toasts was then taken up, as follows:

"The Army," General MacArthur; "The Navy," Secretary Moody; "California," Governor Pardee; "The Presidential Party," United States Senator Perkins; "The Citizens Committee," M. H. De Young.

Shortly after midnight the president left to view the wonders of Yosemite valley.

President Roosevelt has been asked to assist the native born Chinese children of San Francisco in obtaining an education in the public schools of the city. The complaint is made that the Chinese are confined in a special school and are there insufficiently instructed. To improve this condition the president is requested to use his good offices with the state and city boards of education to have the Chinese children admitted to the public schools on an equality with other nationalities.

A petition laying the matter before the president was presented to him today at Berkeley by President Wheeler. It bore the names of 2,000 Chinese, many of them natives of this city.

COTTON IN NEW YORK MADE NEW RECORD FOR THE SEASON

By Associated Press.

New York, May 14.—Another new record for the season was established in the cotton market today. The big feature of the day was the price made by July in the last half hour of trading, ... cents. In the same time August sold at $10.73. May made a new record of $11.42 and spot cotton was quoted at $11.60. These prices were the highest in 12 or 13 years, and added to this, the transactions were of enormous volume.

At times the scene on the floor was one of the greatest disorder and the rush of the covering demand threw the pit into a demoralized condition. At the opening of the market trading was by far the most active of the season and in the upward rush May sold at $11.40, July at $10.89, and August $10.67, all new records.

The Liverpool reports gave warning that the day would be a lively one, as sales of spot cotton there reached a full dollar a bale higher than yesterday. Early cables stated that some of the foreign spot interests were in the market taking all the cotton offered at the highest price of a decade. Liverpool stocks are smaller than for a great many years and the consumption of American cotton is at record prices.

The total amount of cotton which is now here available for delivery on May contracts is 59,820 bales, which has a market value at the current price of about $61 per bale, or equivalent to a total valuation of nearly $3,300,000.

The total amount of cotton now here of all kinds, by running count, is 120,000 bales against 58,000 on April 1.

At the present market price about $5,000,000 worth of actual cotton will change hands here during the closing deal in the May option.

ERNEST L. CAMPBELL DIED ON TRAIN AT PIQUA, OHIO

By Associated Press.

San Francisco, May 14.—A dispatch received today announced the death of Ernest L. Campbell, the attorney, on the west bound overland train at Piqua, Ohio. Mr. Campbell made his home in this city where his wife and a married daughter are at present. He was a native of Kentucky, about 50 years of age and had practiced law in Colorado for a number of years before coming to California.

In 1888 Mr. Campbell was a candidate for the governorship of Colorado.

NATIONAL FEDERATION OF EMPLOYERS IS PROPOSED

By Associated Press.

New York, May 14.—A National Federation of Employers, it is expected will be one of the consequences of the movement begun by employers of labor in the building trades to organize for protective and aggressive purposes against the labor unions. Telegrams and letters received from Chicago, Philadelphia, Boston and other cities state that the movement in this city is being watched with the keenest interest and that if it could be shown that unity of action by employers could be made successful, organizations similar to that in this city would be formed in every large center of population.

HAWAIIAN PIONEER DEAD.

By Associated Press.

Honolulu, May 14. (By Pacific Cable.) —S. C. Allen, a pioneer, died today of heart disease, aged 73 years. Captain Allen was one of the wealthiest men of the Hawaiian islands, his fortune being estimated at $5,000,000. Deceased was a member of the firm of Allen and Robinson, lumber dealers and shipping men.

THEY LEAVE FOR BOULDER TRACK MEET

High School Athletes Leave Today.

Carruthers and Davidson Will Be Missing, but Team Expects to Make Good Showing.

The members of the High school field and track team leave for Boulder at 1 o'clock this afternoon to take part in the state interscholastic field and track meet which is to be held in that city tomorrow. Ten of the leading High schools of the state will be represented at the meet and some records are likely to be broken as the High schools contain some good talent. The Colorado Springs High school team is composed of Messrs. Sill, Sheafor, Nevitt, Pelton and Fowler, sprinters and runners; Lennox and Sims, who will do the hurdles with Sheafor and Fowler; Howbert, who is in the shot put and hammer throw with Sill, Fowler and Lennox; Booth, who does the jumps with Sims and Sheafor, and Bartlett who is entered in the running broad jump with Booth and Howbert and in the pole vault with Nevitt, Bartlett and Howbert. Among the old men who will be numbered among the opponents to the local athletes are Annis of East Denver, the sprinter, and Martel of Central High school in Pueblo, who does the broad jump and hammer throw. While the failure of Captain Carruthers and Manager Davidson will handicap the local team to a great extent, still the boys are hoping to bring back some of the honors and to make every effort to return with the banner. Among the other schools to be represented at the meeting in addition to East Denver and Central of Pueblo, are Centennial High of Pueblo, North and West Denver, Manual Training High of Denver, the Boulder Preparatory school, Cañon City High school and Cañon City. Following is the list of events which the local men will enter:

100-yard dash—Sill, Sheafor, Nevitt.
220-yard dash—Nevitt, Pelton, Sill.
440-yard dash—Nevitt, Pelton, Fowler.
880-yard run—Nevitt, Pelton, Fowler.
120-yard hurdles—Sheafor, Fowler, Lennox.
220-yard hurdles—Sheafor, Fowler, Sims.
Shot put—Howbert, Sill, Fowler.
Hammer throw—Howbert, Lennox, Fowler.
High jump—Booth, Sims, Sheafor.
Running broad—Bartlett, Booth, Howbert.
Pole vault—Nevitt, Bartlett, Howbert.
Relay race—1, Nevitt; 2, Sheafor; 3, Sill; 4, Fowler; 5, Pelton; 6, Lennox.

DEATHS.

Burke—Mildred, aged 25, died yesterday morning at her home, 1[illegible] East Cimarron, of tuberculosis. The remains were sent east last night to Abilene, Kansas, for interment. The deceased leaves a father, mother, two brothers and two sisters. The family has lived in Colorado Springs about two years.

Dingle—Paul, aged 67, a pioneer nohman of El Paso county, died yesterday afternoon at [illegible] mile at his ranch near Lytle, 11 miles south of Colorado Springs. The funeral services will be held tomorrow morning at 11 o'clock from the Johnson undertaking rooms. Rev. Father Raber of St. Mary's Catholic church will probably conduct the services. The deceased had been a resident of the county for 31 years.

Smith—Mrs. L. W., of 60 East Boulder street, died last night. Death was caused by heart disease and a complication of stomach troubles. Funeral announcement later.

BIRTHS.

To Mr. and Mrs. O. A. Decker, [illegible] North Spruce street, May 1[illegible], a daughter.

MARRIAGE LICENSES.

To John W. Oates and Cora B. Friend, both of Colorado Springs.

BRIEF CITY ITEMS.

Frank Dan went to Denver yesterday.

WEDDING—The marriage of John W. Oates and Miss Cora A. Friend, both [illegible] Dr. Edward [illegible] performed the ceremony.

INDUSTRIAL MEETING—The Ladies' auxiliary of the First Baptist church will hold its industrial meeting this afternoon at 2:30 o'clock in the women's parlor.

EYMRODORION—The chorus of the Cymrodorion society will meet this evening at 8 o'clock with Dr. Thomas, [illegible] North Nevada avenue. A full attendance is desired.

PROPERTY SOLD—H. A. Barton reports the sale of a five-room cottage, [illegible] Cañon's place, to E. W. Kent; also a six-room cottage at 320 Sewell street to J. P. Thomas, and at 8, block [illegible] Day's addition. A lot in Portland Heights was sold to Miss Hayden and also lots 19 and 20 in block [illegible] of Day's addition. The total sales for the day amounted to $7,760.

GRADING PAPERS—The examination papers of the applicants for the position of building inspector will be finally graded at a meeting of the committee tonight. As already announced the papers have been about half graded and the indications so far are that those who took the examination will qualify.

GOLDMARK TICKETS—Those having tickets for sale for the Goldmark lectures are requested, without fail, to return the tickets and the money to Mr. W. C. Robinson, 504 North Nevada avenue at once. It is an imperative necessity that the committee learn just how many tickets have been disposed of. Those having purchased tickets [illegible] exchange them for reserved seat tickets beginning tomorrow, at the [illegible] music store, 12 North Tejon street.

WILL ENTERTAIN—The clerks and [illegible] of the post office will give an entertainment tomorrow evening in the [illegible] hall, in the DeGraff building. A number of stereopticon views will be shown by J. W. [illegible] and Mr. [illegible]. Some of these views are descriptive of the story of "Ben Hur." The families and friends of the carriers have been invited.

WILL MEET—A meeting of the High school alumni association will be held at the High school building Monday evening to discuss plans for the annual reception to the graduating class of the [illegible] school.

PRESBYTERIANS EN ROUTE TO CONVENTION

Delegates to the Presbyterian conference at California began arriving last evening. At one time there were three special trains carrying a total of over 500 passengers at the Denver & Rio Grande depot. Today two other trains carrying delegates westward will arrive over the Rio Grande and the trains last evening and those arriving today will remain here until tomorrow morning when the trip westward will be continued. Arrangements have been made to see Manitou and to go over the Short Line.

A large number of Colorado Springs people took advantage of the special rates which went into effect yesterday for the round trip to California. Some 20 passengers left over the Santa Fe for Los Angeles and other California points. One party comprised Dr. and Mrs. W. C. Allen, who will spend the month in Los Angeles and San Francisco and return by way of Montana and the northwest points. Mrs. C. A. Hibbard and mother, Mrs. John R. Clark. Other passengers were Mr. and Mrs. P. F. Hinckle, Mrs. T. E. Stowe and Mrs. J. E. Love.

General Agent J. P. Hall of the Santa Fe returned to Denver yesterday after a trip of inspection to Colorado Springs. Work has begun on remodelling the Wells Fargo and Santa Fe joint office on North Tejon street. The interior of the office will be brightened by the substitution of a light yellow paper on the walls and a newly decorated ceiling. The office furniture will be revarnished and especially prepared views of scenes along the Santa Fe will be hung on the walls. The express company's office will also have changes, the cashier and money clerk's offices being more conveniently arranged.

The "want ad" columns of a newspaper realize true democracy. There the rich and the poor alike place their temporary needs side by side. The "want ad" page of a newspaper is the CLEARING HOUSE of the PEOPLE—of all the people—and it performs this duty silently, faithfully, effectually.

Those who have and those who need make their requirements known through the medium of these "want ads" as they are called and if one would investigate the volume of business resulting from them, the amount would be truly astonishing in its magnitude.

The Gazette can give you many examples of the truth of these statements. Try a want ad.

[illegible]

COLORADO COLLEGE HONORED.

[illegible] to [illegible] Colorado [illegible] that Dr. Cajori [illegible] the [illegible] United States [illegible] of the [illegible] the United States.

[illegible] the first time [illegible] Dr. Cajori [illegible] writer [illegible] that we have in [illegible] standard works on the [illegible] He is a [illegible]

It is [illegible] that Dr. Cajori has been selected as [illegible] of the new school of engineering of Colorado college. Under his direction the school will certainly prove [illegible] of the best in the [illegible], and its inauguration next fall [illegible] a new era in the history of Colorado Springs [illegible] center of [illegible].

We heartily congratulate Prof. [illegible] Cajori on the new [illegible] that has come to him.

IMMEDIATE ACTION NECESSARY.

THE STATEMENT of Mr. John P. Brown regarding [illegible] to be taken to save the trees of the Pike's Peak region [illegible] insect [illegible] spoken [illegible].

Mr. Brown is the editor of Arboriculture, and is thoroughly familiar with tree and plant life. He [illegible] three [illegible] for [illegible] the caterpillar out of the [illegible] The first of these is to gather the [illegible] and burn them [illegible] is to spray the trees with insecticide, and the third, and by far the [illegible] is to cut down the young sapling upon which the caterpillars feed. It is to be hoped that one of the [illegible] will be adopted, and that the trees may be [illegible].

Mr. Brown, however, thinks that such cutting will not absolutely kill the young [illegible], but that they will continue to grow and be as large as ever in a few years. However, it is so generally known that trees and vegetation are so valuable in retaining the water supply it is to be hoped that this measure will not be necessary.

[illegible] what must be done in this matter [illegible] be done quickly. Within a month the [illegible] leaves will all be out, and the work of destruction will have begun. It is a matter of [illegible] that [illegible] caterpillar [illegible] be destroyed now [illegible] they may not multiply and become even more troublesome hereafter.

[illegible] Brown urges [illegible] of the [illegible] in spraying the [illegible] which [illegible] the [illegible] of the city, and which beautify so [illegible] The white [illegible] to prove as [illegible] to the growth of our shade trees as it was last summer, and only by the exercise of care can it be kept away. This is a matter which each individual householder should look to himself, for after having planted trees, he is in duty bound to see that they are properly cared for.

CONSERVATIVE FIGURES.

THE FIGURES [illegible] in Dr. Anderson's report as to [illegible] of advertising in medical journals are certainly not overdrawn. The periodicals in question [illegible] a circulation of 80,000 copies among physicians. If but a [illegible] of these [illegible] but one patient a year to the Pike's Peak region, it will amount to an increase of [illegible] This is a very small proportion and a very conservative estimate.

It is [illegible] too that some care be taken to [illegible] for their sojourn after their arrival. No [illegible] are homesick and heartsick for a friendly [illegible] and a word of cheer or encouragement.

[illegible] is a great deal to this feature of the care [illegible] as in getting the people to come here.

GENERAL DAVIS DISAPPROVES.

GENERAL DAVIS has acted very properly in disapproving the acquittal of Lieutenant [illegible], Tenth [illegible], charged with manslaughter. [illegible], who [illegible] duty on the island of [illegible], according to [illegible] his revolver to a [illegible] with instructions to shoot any native who attempted to [illegible]. Two [illegible] killed [illegible].

General Davis [illegible] that [illegible] exceeded his authority [illegible] shot. [illegible] ought to be a military [illegible] in the Philippines who [illegible] and the [illegible] of [illegible]

The death of [illegible] W. [illegible] [illegible]

[illegible]

POLITICAL COMMENT

[illegible] of the [illegible] withdrawal of [illegible] candidate for mayor [illegible] W. Hughes, in order to [illegible] the chances of a candidate who [illegible] appeared in the field, Mr. Rhett [illegible]

"[illegible] Governor [illegible] is to [illegible] free [illegible] to pardon for con[illegible]," says the Arkansas Gazette [illegible] the big table [illegible] will be that the courts will be brought into disrepute, [illegible] laughed at, their judges scoffed, and the administration of justice obstructed."

"The so-called 'Iowa idea' [illegible] the tariff seems to have one adherent, Mr. Babcock of Wisconsin," remarks the Philadelphia Press (Rep.), "but when congress meets and the time comes for Mr. Babcock to do something he will not have a word to say." "Oh, yes, he will," retorts the Louisville Courier-Journal (Dem.), "he will say that he never said it."

The [illegible] Advertiser (Dem.) concedes that "the time is not yet ripe to make the repeal of the fifteenth amendment a political issue. That the amendment was a mistake," says the paper, "is not news to us in the south, and that unprejudiced statesmen in the north are beginning to look at it just as we do is encouraging, but we doubt if the time has yet come for the Democratic party to make it an issue, much as such a course might [illegible] Republicans."

"If [illegible] those who wish to [illegible] regularly on the roll of faithful Democrats abjure it [illegible]," advises the Atlanta Constitution (Dem.), "the mushroom third term talk and combine the great patriotic duty of bringing all wise opponents of Republicanism into a solid phalanx. Then it should be easy for the imminence of victory to produce the man of the hour—the Democrat whose record as such is unquestioned, whose loyalty to the party in any event is unimpeachable, and whose wisdom, prudence and patriotism will guarantee him to honest reform voters as the Cincinnatus of the first national emergency of the twentieth century."

"It is discouraging to know," says the Philadelphia Press (Rep.), "that the moral sentiment is so dormant in an important city as to permit the elevation of a man of the type of Ames to its chief office. It is encouraging to have it proved that the same public can be aroused from that dormant condition when the actual situation is brought to its knowledge and the wrongdoers punished. 'Grafting' went on for years in Minneapolis, just as boodling prospered in St. Louis, but exposure came and today the chief 'grafters' and boodlers in both cities are either in jail or on the way there. It will be well for other cities to study the situation in St. Louis and Minneapolis and profit by the lessons given there."

The [illegible] in [illegible] Colorado Springs is a week or 10 days late. At least it is if we are to judge from the [illegible] of their oldest inhabitants, the cottonwoods. Usually on the 15th of May the leaves of the cottonwoods are about the size of a half dollar. This year they are just finally beginning to open.

Here and there a diocese in the Episcopal church is voting in favor of changing the name of the organization to American Catholic church. The majority of the dioceses, however, seem to think that the old name which has served so many years will do.

A Kansas City interview with Mr. J. P. Pomeroy, printed elsewhere, shows that he is always ready, as every citizen of Colorado Springs ought to be, to say a good word for the fine climate and invigorating atmosphere of Colorado Springs.

The individual who made the infernal machine by which the Umbria was to be destroyed evidently bears the [illegible] of Revesas. Not an American name, and we should hate to believe that any American could attempt such a crime.

Our regret that Governor Peabody cannot come down on Saturday to the opening of the new court house is somewhat assuaged by the statement that he will send his colonels in all their regimentals down to represent him.

The ships of war of Germany have made a friendly visit at a French port for the first time in many years. First thing we know, Emperor William will be drinking champagne instead of beer.

A parcels post agreement is quite likely to be entered into between the United States and Great Britain. Nearly everyone would be glad to see it except the express companies.

The action of the Golden boys in crowding the baseball field and exploding dynamite ought to lose them the game. It is wholly unfair and unsportsmanlike.

Miss Floy Gilmore has been appointed assistant attorney-general for the government of the Philippines. Good for Floy!

Of course the plumbers, who are going to San Francisco for a convention, are traveling in private cars and special trains.

That open door in Manchuria at least seems always ajar.

MR. POMEROY IN KANSAS CITY.

J. P. Pomeroy, a multi-millionaire of Colorado Springs, is at the Midland hotel on his way home from Washington and other eastern cities, says the Kansas City Times. Mr. Pomeroy is interested in mines in Colorado, California, the Klondike, Australia and Bolivia. He is also an owner of much Kansas land, having 60,000 acres in the vicinity of Hill City, Graham county. Mr. Pomeroy gave a library to Atchison, Kas., a few years ago and built a fine court house for Graham county, Kas.

When at his home in Colorado Springs, Mr. Pomeroy always sleeps out of doors regardless of the weather. He has fitted up a porch upon which he sleeps even when the temperature is many degrees below the freezing point.

"I have my bed there and an electric rubber bag to warm it for me," said Mr. Pomeroy last night. "Around the porch is stretched just enough canvas to insure privacy. In cold weather I have sleeping shoes and a sleeping cap which I put on. I have slept on my porch when the weather was several degrees below zero."

Mr. Pomeroy is a ruddy faced man of 66 years. He says he is never ill and ascribes this fact to his custom of sleeping in the open air. He couldn't sleep outdoors at the Midland last night, but he opened the windows of his room.

Late Press Comment

IN A SMILING MOOD.

Nebraska, when she smiles as she has been doing the past few days, makes us all in love with her and causes us to forget such ugly moods as she showed last week.—(Tekamah Journal.

◆ ◆ ◆

FAR-FETCHED DISTINCTIONS.

The attempt to draw a distinction between three contiguous presidential terms and three terms not contiguous is rather weak. Better repudiate the third-term tradition outright than try to pretend that it could be preserved with a president serving his third term under any circumstances.—(Springfield Republican.

◆ ◆ ◆

GAME PROTECTION IN THE WEST.

Game protection!—there indeed is where I found a new understanding from end to end of the whole country. Not only have excellent new laws been enacted in the last three or four years, but what is fully as important, the spirit of the majority of the people is entirely in sympathy with them. This is not only important; it is literally vital, for a game law is a dead letter unless supported by the local community. Wherever I went I found sentiment strongly in favor of game protection, and particularly emphatic and outspoken against spring shooting. Here again the west shows the way to the east.—(Caspar Whitney in Outing.

◆ ◆ ◆

FINANCIAL STRENGTH OF BRITAIN.

If any one has entertained the idea that Great Britain had been impoverished by the South African war he will need to revise his opinion, in view of the popular subscription to the Transvaal loan. Not only are the offers of the [illegible] sufficient to cover the loan many times over, but it is said that the individual subscriptions not exceeding a hundred pounds will more than make up the whole [illegible]. This is the most interesting feature of the whole [illegible], since it indicates more distinctly than the large [illegible] of the bankers the wealth that is widely diffused [illegible]. The interest on this new loan is higher [illegible], which will account for the eagerness [illegible], but the success of the [illegible] is not the [illegible] of the financial strength of the country.—[illegible]

[illegible]

SHORT STORIES

What He Needed.

A coal carrier in Yorkshire, England, was sent to deliver a ton of coal at a college. Meeting one of the professors in the grounds the coal man asked where he should put the coal. The professor came out of the brown study in which he was immersed and replied:

"Coal? Ah, yes! You must traverse the quadrangle at right angles and pass under the cinquefoil arch to the exterior curtilage of the building. There an orifice in the ediface will at once become evident to your ocular perception. There you may evacuate your vehicle of its amorphous substance."

The man scratched his head.

"That's all right, maister," he said, "but it's a coal ho' ah'm seekin'."—(Brooklyn Eagle.

Much that is going on in the political world recalls an incident of the general election which resulted in making Abraham Lincoln president, relates the New York Times.

'Twas in Vermont, then, as now, and always, what is known as "Republican," only then the prefix "Black" was invariably added by those "not so." There was a mass meeting in one of the smaller towns. Two or three speakers, all of them of the limited ate neighborhood, had delivered their testimony in favor of Lincoln. One (I will call him "Jim Blake") was speaking, and over and over again referred to the candidate he favored as "Honest Old Abe." At a pause in his speech "to wipe his heated brow," "Tom Haines," sitting on a rail fence across from the speaker, quietly remarked:

"Jim, tell the boys why you call him 'Honest Old Abe.'"

Blake undertook to establish the claim to the title with its specific adjective. Then he stopped. The question was repeated with emphasis on "Why?" Again Blake went over the usual, natural and very appropriate reasons, when he was stopped by Haines.

"Oh, I know all that, but just all the boys why you call him 'Honest Old Abe.'"

"Well," replied Blake, "I don't know any other reasons than those I have already given."

"Ah! I thought so," said Haines. "Shall I tell the boys?"

"Yes, if you know better than I do."

"To distinguish him from all the rest of the party."

A London preacher had an interesting experience not long ago with a hungry man. The mendicant explained that he had found it absolutely impossible to get work. He had applied everywhere always to be turned away, and at last nothing remained for him but to beg from door to door for the food that was necessary to keep life in his body.

The clergyman's heart was filled with pity. The poor man seemed to be honest, and after being furnished with a good meal he was asked where a message would reach him. He gave an address and went away.

Then the preacher sat down to think the matter over. He knew of no work that he could find for the man, but he decided to invent a job.

This gentle fiction could continue until something turned up, and in the meantime the unfortunate one would not have to be humiliated by knowing that he was living on charity.

Accordingly, the next day the preacher sent a message to the luckless man, saying:

"Come at once. I have a position for you. We need a man to clean our schoolhouse and keep it in order."

He received an immediate reply as follows:

"Sorry I can't come. I have to march with the unemployed today. Would tomorrow do?"—(Chicago Record-Herald.

Knew His Business.

"Yes," remarked the newspaper artist, taking off his diamonds and placing them in the safe near his desk, "that editorial gazabo ordered a picture three columns wide and wanted 300 fish put in it."

"Gee!" exclaimed his coworker, re-lighting his 50-cent cigar, "those fellows don't know anything about art and its limitations, do they?"

"Never. By any chance; but I delivered the goods all right. Didn't have the time to draw the fish, so I put in 300 fish eggs!"—(Cincinnati Commercial Gazette.

Edible to Him.

"You say," uttered the fiancée of the vegetarian, "that you could fairly eat me. Now, isn't that contrary to the tenets of your belief?"

"Not at all," asserted the vegetarian.

"But if you ate me—"

"I simply would be eating a peach."

No use talking, the meat diet isn't the only one that makes the mind active.—(Judge.

PEACE IN THE MOUNTAINS.

In the shadow of the mountains,
Towering upward to the sky,
In the grand and rugged beauty,
Many, many furlongs high.

I am living, I am resting,
Gaining strength from day to day,
Strength and peace of mind and body
[illegible] journey on my way.

To the home I long for, yearn for,
To the home my heart loves best,
Where our loved ones are, our home is,
Be it east or be it west.

When a restless mood steals o'er me,
When I feel depressed and sad,
If I look into the mountains,
They will ever make me glad.

Glad for the great joy of living,
And long will my life be spent
In the shadow of the mountains,
I shall here abide content.

For from earthly friends may be,
But my heavenly home seems near,
And I sometimes feel the presence
Of the dear ones gone from here.

So I'm looking onward, upward,
Steadfast as the mountains tall,
And like them, serene, untroubled,
Trust in God, whate'er befall.

HIGH HONOR PAID PROF. FLORIAN CAJORI BY LEADING SCIENTISTS OF THE WORLD

Appointed Member of International Committee of Congress for the Study of the History of Science.

Florian Cajori, dean of the school of engineering and head professor of mathematics of Colorado college, has received a signal honor. Yesterday he was notified by Professor Gino Loria, dean of the faculty of sciences of the University of Genoa, Italy, of his appointment as the sole representative of the United States on the international committee of the Congress for the Study of the History of Science, which committee will make all arrangements for the next meeting of the congress at Berlin in 1906.

Professor Cajori will serve on a distinguished board, composed of one eminent scholar from each country. The appointment, following the recent [illegible] of the congress held in Rome, recognizes Dr. Cajori as in the front rank of scientists and sheds a deserved luster on Colorado college.

Dr. Cajori yesterday received the following letter, notifying him of his appointment. Translated, it reads:

Genoa, April 2[illegible], 1903.

Very Honored Sir:

The section of the History of Sciences of the International Congress of Historical Sciences which has just taken place at Rome, to assure the continuation of its action in the future congresses, has decided upon the formation of an international committee for the organization of congresses for the history of science. To form a nucleus this section at once chose among the participants of the congress of Rome the following persons:

President—P. Tannery, Paris.

Secretaries—F. Gianoli and G. Loria, Genoa.

Members — [illegible], [illegible]; [illegible], Paris; Gunther, Munich; Sudhoff, Berlin.

As it is necessary that the committee comprise representatives of all the nations in which is cultivated the history of science, it has been decided to add to it competent persons who declare themselves ready to furnish the assistance of their distinguished cooperation. In consequence, there has been conferred upon me the very honorable duty of requesting you to be willing to join it as representative of your noble country.

I hope that you will accept our invitation and grant us your valuable collaboration in the preparation for the coming congress which is to take place in Berlin, September, 1906.

Awaiting your response I have the honor to offer to you the expression of the sentiments of my most distinguished consideration. Yours very cordially,

Professor Gino Loria,

Dean of the Faculty of Sciences of Genoa, Italy.

To Mr. Professor Florian Cajori.

The letter came as a surprise to Dr. Cajori, as no intimation had been made to him that a committee would be appointed, and the honor was entirely unsought by him. The dean knows several of the famous scientists mentioned by their work; they are among the most illustrious scientists in Europe. As one of the professors at the college said: "The value of the honor conferred upon Dr. Cajori may be gathered from the fact that the great distinguished scientists in Europe have tendered to the most distinguished throughout the world—one from each country—membership on the international committee. Dr. Cajori has long been recognized as among the foremost and this selection, made from among all the brilliant men of science in the United States, shows the greatness that Europe attaches to his work. The professor is author of half a dozen historical works on the history of mathematics and physics. His history of physics is now being translated into Italian by two Italian scientists by permission of the author. Beyond doubt, he is the first-known authority in America on the history of sciences, and this selection, or appointment, is proof that Europe recognizes his standing. The congress is attended by scientists from all over the world and is one of the most learned and distinguished bodies that has ever met in convention.

"It is a feather of no mean color in the cap of Colorado college, an institution to which Dr. Cajori has been faithful for the past 14 years, despite offers from some of the large universities in the country. The list of offers includes several in the west."

Dr. Cajori was the object of warm congratulation by fellow members of the faculty. The announcement soon became public property and messages of congratulation from outside began to arrive.

Florian Cajori is head of the department of mathematics and dean of the new school of engineering which will be inaugurated next year in Palmer hall, the new building now being erected at a cost of $270,000 under his direction. The building will be used for the teaching of pure science and applied science and completely equipped shops for wood- and iron-work will be erected. The department has been created to meet the demand of the manufacturing plants at Pueblo, the mining companies at Cripple Creek, the reduction plants, mountain railways, etc., the managements wanting young men equipped with the training afforded by such a course. The demand was so pressing that it has been decided to devote the new building to applied and pure science.

Dr. Cajori was born in Switzerland and came to the United States when very young. He graduated from the University of Wisconsin in 1883 with the degree of B. S.; in 1886 M. S. was added.

Tulane gave him Ph. D. in 1894.

Leaving the University of Wisconsin he went to Tulane, where from 1885 to 1887 he was assistant professor of mathematics, and from 1887 to 1888, professor of applied mathematics. From 18[illegible] to 18[illegible] he was with the United States bureau of education, and came to Colorado college in 1889.

Dr. Cajori has been honored in other ways and is a work recognized by eminent societies. He is and has been a frequent contributor to scientific magazines. He is a professor that every student likes, but stands in awe of. Scholarly and with the gentleness and dignity associated with a man of learning, he is uncompromising in his sense of right and wrong and those who know him well say that there is not the slightest touch of over-esteem. Professor Cajori is married and has one son, Florian.

In speaking of the appointment, Dr. Cajori stated he was not sure what would be his duties as a member of the committee. It is not probable that his presence will be required abroad, at least for several months.

[illegible] NEW TERM

The petit juries for the coming term in both county and district courts were reported to the clerk of the county and district respectively, by the sheriff's office yesterday. A number of deputies have been at work serving subpoenas on the jurymen for the last week and the result of their work culminated yesterday in the lists reported.

The jury in the county court will report for duty Tuesday, May 19, and the district court jury will report May 20. All the juries in the respective courts for the coming term will be drawn from the following lists: County court—Dr. F. P. Anderson, C. H. Cheese, F. T. Dibble, F. P. Hartzog, John Huber, Ell Knowles, Alfred Matson, William Monroe, William Mabley, C. A. McLain, W. B. Owens, John W. Pring, Lee Roley, Edward R. Ripley, William Seymore, John A. Walbach. District court—L. W. Atkinson, John Anderson, T. Alexander, P. Buck, Anthony Bott, William Busta, Jr., J. H. Bolin, T. W. Blanchard, Thomas Cavanaugh, William Dee, Faw, J. S. Dillingham, A. O. Davis, Farre, Dibbley, L. M. Ferguson, Elmer Gately, T. A. Hanks, C. P. Haslitt, J. W. Higby, Henry [illegible]line, C. A. Fannin, Patrick Jones, Henry Johnson, A. W. Jenks, George Jackson, Patrick Kelleher, J. S. King, Harvey Longwell, John McIntosh, William J. Nesbitt, T. C. Orman, A. C. Raab, Jr., W. G. Rogers, M. S. Reid, [illegible] Reinken, J. A. Ray, E. J. Sipes, George W. Shields, D. W. Smith, Fletcher C. Scott, T. S. Thomas, W. J. Tuma, E. J. Ulrich, J. E. Wiley, H. R. Wilson, D. W. Valsh, F. A. Youtt, George B. Zeigler.

There were eight names drawn in the county court venire and 22 in the district court venire of persons upon whom service could not be made.

STILL DELVING [illegible] SHORTAGE

No new developments in connection with the shortage in the office of E. C. Coray were brought to light yesterday. The canvassers were busy all day visiting the owners of property whose houses are not recorded on the books of the ex-building inspector. They were unable to check up the result of their work in the evening, however, and will go over the matter with Mr. Bach this morning. Several receipts were turned over to Mr. Bach, showing discrepancies in the records similar to those already announced. The canvass will take a longer time than it was at first supposed and it may be the latter part of next week before a complete report can be made and the actual shortage involved in the discrepancies found determined.

UTE PASS SUNDAY EXCURSIONS. Colorado Midland will sell tickets to all all the famous Ute Pass points and return May 17, for 50 cents.

[illegible] Cemetery [illegible] Board [illegible] May [illegible]

Trouble in the drawing of [illegible] for the improvement of [illegible] cemetery [illegible] bring about the transfer of that property from the city to a board of trustees to be selected by the lot owners at the cemetery grounds. It is argued by city officials that the present plan of conducting the affairs of the cemetery under the direction of the city council, and on its vote, results in an endless amount of work and the failure to do needed work in connection with the improvement of the cemetery property.

At present all property and supplies purchased for the use of the cemetery, and all improvements which may be [illegible] for, have to be advertised in the same manner as in any of the other departments. This [illegible] also, [illegible] in the payment of [illegible] for [illegible] [illegible] is paid for the [illegible] [illegible] [illegible] that the [illegible] by a board of [illegible]. Under the circulation it is [illegible] for the [illegible] to be [illegible] until the [illegible] provide for [illegible] to have charge of the [illegible] of the [illegible] [illegible] and ex-Council [illegible] of the cemetery [illegible] both [illegible] themselves as favoring the new [illegible] and it is probable the question will be brought up for [illegible] in some shape or [illegible].

A matter now [illegible] the [illegible] of a [illegible] pipe from Prospect [illegible] to the cemetery grounds. This pipe is needed [illegible] to assure water for the [illegible] but it is claimed that [illegible] the control of the lands of the [illegible] it is [illegible] [illegible] committee will be able to [illegible] the [illegible] to the [illegible] City Engineer Case has submitted a plan for the laying of the pipe which involves the expenditure of [illegible]. This sum is in the endowment fund but it cannot be touched, it is claimed, under the terms of the grant. It is probable that a registered warrant will be authorized by the committee, which will be drawn for the amount of the contract for laying the pipe. This warrant will be in the nature of a claim on the future receipts of the cemetery. It will be turned over to the contractor who in turn will cash it at one of the banks of the city.

Whatever action is taken in this regard will be taken in the next few days. The demand for water and the approach of the summer season is causing the committee to rush matters as much as possible.

SPECIAL REDUCTION SALE ON CHILDREN'S HATS

BUSI[illegible] LOCALS. DR. W. K. SINTON, Dentist, El Paso [illegible] Phone 76-B.

CRIPPLE CREEK SUNDAY EXCURSION VIA COLORADO MIDLAND RY. DIVERSE ROUTES. $2.50 for round trip. 11 a. m. train, Sunday, May 17. Limit date of sale. Good returning C. M. or Short Line.

WESTERN SUGAR COMPANY MAY DECLARE DIVIDEND

J. R. McKinnie, a director of the Great Western Sugar company, returned yesterday from Denver where an important meeting of the directorate was held. The directors elected C. B. Morey of Denver, at the head of four other beet-sugar factories in the state, a director in the Loveland company. Mr. McKinnie announces that there is a possibility of a dividend being declared by his company.

The directors are sanguine that this year's crop will be greatly in excess of last year's harvest. The trouble encountered at Loveland, as in other parts of the beet-raising district, last year, was in the scarcity of water, but this summer the ditches and reservoirs will be full, due to the increased snowfall and consequently heavier flow of the mountain streams. A large acreage has been planted and many acres of beets are up.

Last year approximately 25,000,000 pounds of sugar were produced by the Loveland factory and the prospects are that at the end of the season this will be increased by fully 25 per cent, if not more. The directors announce that no enlargement will be made in the plant with its present capacity is able to get through this season nicely.

HILLSIDE MOTHERS WILL MEET TODAY

The Hillside Mothers council will meet this afternoon at the home of Mrs. Vining, 823 Cimarron street. The devotional exercises will be conducted by Rev. C. H. Hurger. A fine program has been arranged for the afternoon. Roll call will be responded to by quotations on Charity. A piano solo will be given by Mrs. Bruner, and Mrs. A. vn. Roy Scott will give a talk on charity and alms giving. There will be a vocal duet by Mesdames Spangler and Cummings. The Misses Newcomer will render an instrumental duet. Visitors are cordially invited.

WILL MEET AND [illegible] GOOD ROADS

There will be a meeting of the Good Roads association today to discuss several important [illegible] which have been [illegible] for [illegible] A committee to [illegible] the [illegible] by applying oil rock on North Cascade avenue will be [illegible] and [illegible] will [illegible] largely [illegible] to be pursued in future. It is the intention of the members of the association to take an active part in the building of roads and to make [illegible] to the city council [illegible].

[illegible] EXCURSION. [illegible] SHORT LINE. [illegible]

Personal Mention

Rud. Kuns of Wilhelm on the Rhine, Germany, is registered at the Antlers.

Mr. and Mrs. W. H. Taylor of Clinton, Ill., are guests at the Laclede.

Mr. and Mrs. Alfred Paull of Wheeling, West Va., are guests at the Antlers.

Philo C. Hildreth has gone to Los Angeles to pass a month with his father and family.

C. E. Noble, J. H. House and C. C. Hamlin have gone to Granite to look after mining interests.

Mr. and Mrs. J. B. Brookfield and [illegible] of Belvidere, N. J., are staying at the Antlers.

J. A. Stewart, district passenger agent of the Rock Island system of Kansas City, was in town yesterday.

Mrs. Lawrence C. Phipps of Denver has engaged apartments at the Antlers for a week. She arrived last night.

Miss Margaret Force, who has been visiting her aunt, Mrs. W. H. Furman since October, started for Cortland, N. Y., Wednesday.

A. Kraker of Kaufman & Co., has returned from the east, where he went several [illegible] ago on business. He also visited his old home at Richmond.

[illegible] and mother, Mrs. J. R. [illegible], a [illegible] wife, a [illegible]

of California tourists who have been spending a few days in the vicinity, left yesterday for their homes in the east.

Misses Emma, Dorothy and Helen Phipps of Denver are occupying a suite at the Antlers in company with Miss N. Derbyshire and Miss M. C. Smith of the same city.

SHORT LINE EXCURSION, CRIPPLE CREEK AND RETURN, SUNDAY, MAY 17.

Tickets will be sold for train leaving D. & R. G. station, Colorado Springs, at 10:37 a. m., at $2.00, good returning date of sale.

...ET BRINGS TO BRILLIANT CLOSE THE A. O. U. W. STATE CONVENTION

Degree of Honor W... Will Now ... ...cers This Morning at C... Wind ... ...ness

The delegates to the convention and grand officers of the A. O. U. W. and Degree of Honor were the guests last evening of the local lodges of Workmen and the Degree of Honor at a banquet at the Alamo hotel. Covers were laid for 150 and there were that many guests present. After the banquet several interesting talks were made by the officers of the grand lodge, and following this a dance was given in the ball room, the music being furnished by Districh's orchestra. Prior to the gathering at the Alamo a social dance was given in Odd Fellows hall.

Grand Recorder Stanwick was obliged to leave last night over the Rock Island and so was unable to be present at the banquet. Most of the delegates and visitors from out of town will leave early this morning for their homes, although a good many will remain until the closing session of the Degree of Honor today.

The closing session of the grand lodge of Ancient Order of United Workmen was held yesterday afternoon in Odd Fellows hall in the De Graff building and after the conclusion of the legislative business the assembly proceeded to the installation of the newly elected officers. The ceremonies were conducted by Supreme Recorder A. C. Harwick of Buffalo, N. Y.

At the morning session the constitution was so amended as to make Colorado Springs the permanent meeting place for the biennial sessions of the grand lodge. Considerable opposition developed to this plan but when the report of the officers was given, showing that a saving of 32 per cent in mileage was made by having the sessions held in this city on account of its central location, the opposition melted away and the action taken was unanimous. Mr. Harwick stated last night that the legislation which was enacted during the sessions of the grand lodge would greatly benefit the order, not so much immediately as in the future. He said all the actions taken were wise and the spirit in which everything was conducted showed the best of feeling and harmony in the membership of this jurisdiction.

A Large Membership.

Mr. Harwick especially complimented the grand lodge on the officers selected and said that the membership is the ... of any jurisdiction in the country. There are 7,000 members in this jurisdiction which ... Mr. Harwick considers to be especially gratifying in view of the population as compared with that of the more thickly settled portions of the east. The entire membership in the United States is upwards of 440,000 and the promptness in which claims are settled by the order is a matter of which Mr. Harwick is proud.

The interest in the order is increasing throughout the state and in order to stimulate good work Charles N. Miller, one of the newly elected officers, has presented a handsome cup to be given to the lodge which has the largest membership for three consecutive terms or which wins the prize by having the greatest membership four times. The Central City lodge is the first to receive the cup, as the lodge has the honor of being the largest in the jurisdiction at the present time. The members of the lodge state that they do not propose to let the cup get away from them if work counts.

R. H. Malone gives $25 as a prize to the lodge reporting the largest increase in membership without depending at all upon the assistance of a deputy unless under the pay of the lodge itself. The prize is to go permanently to the lodge showing the largest increase for three consecutive terms or for four terms, not in succession.

Officers.

The Degree of Honor at the afternoon session yesterday elected all the officers with the exception of superior representative to supreme lodge. This office will be filled at the morning session to be held at 9 o'clock today, at which time the installation ceremonies will take place. The officers elected for the coming term are Olive M. Bacon of Aspen, grand chairman of honor; Sarah Lauderbach of Colorado Springs, grand lady of honor; Annie O'Neill of Georgetown, grand chairman of ceremonies; Carrie Reymann of Pueblo, grand recorder; Estella Bemus, Boulder, grand receiver; Etta B. Allison, Albuquerque, New Mexico, grand usher; Mrs. Shahan, Tucson, Arizona, grand inside watch; Elizabeth Aikens, Victor, grand outside watch, and Dr. Davis of Denver, grand medical examiner.

The honor of being elected to the office of grand recorder for the fifth consecutive time goes to Carrie Reymann of Pueblo, who together with Estella Bemus, grand receiver-elect, are the only officers re-elected. Mrs. Bemus will serve for the second time. Past Superior Master Workman Tate of Denver will conduct the installation ceremonies this morning.

The morning session yesterday and a portion of the afternoon was devoted to the adoption of resolutions pertaining to the grand lodge as well as for the government of subordinate lodges.

... COUNCIL PETITIONED BY CHAMBER OF COMMERCE TO ACT IMMEDIATELY

The chamber of commerce has petitioned the city council to take immediate steps in line with the report of John P. Brown, the expert arboriculturist, who visited Lake Moraine and the vicinity of the city's water supply early in the week, and whose official report predicting another pest of caterpillars this summer unless prompt action was taken, was published in the Gazette yesterday. The chamber heard the report of the advertising committee through its chairman, Dr. B. P. Anderson, who talked at length on the proposed casino to be built in the north end of the city for the benefit of invalids. The previous action in regard to the laying of concrete sidewalks and the resolution to this effect sent the city council was taken up and Secretary Wray instructed to ask the council what, if any, action has been taken. The suggestion of Vice President Donaldson that oil rock be laid on the streets to settle the dust was also discussed. It was decided to wage an active campaign for membership.

The members of the executive committee of the chamber of commerce met last evening in one of the most important meetings the chamber has held this year. Members of the committee present were: D. V. Donaldson, vice president; F. L. Rouse, Dr. B. P. Anderson, C. L. Hemming and J. S. Lilly. In the absence of President Pailley, Mr. Donaldson presided.

Secretary Henry Russell Wray was authorized to communicate with the council regarding the communication sent that body March 20 and to inquire if any action had been taken regarding the resolutions which were as follows:

"Resolved, That it is the sense of the directors of the chamber of commerce that the city council of Colorado Springs should at once consider and pass an ordinance compelling property owners to lay sidewalks in concrete, flagging or some other ... material, of uniform grade and width, before their property on Cascade avenue, Tejon street, Nevada avenue and Weber streets from Vermijo street to the Glockner sanitarium and also on all cross intersecting streets."

In connection with this the secretary will also ask the city council what action was taken if any on a petition sent in some months ago relative to the widening of the sidewalk on Tejon street from Huerfano to Vermijo. This sidewalk is now 12 feet wide and it was the request of all property owners along the route that it be increased ... feet.

Important Resolution.

The directors passed a resolution relative to the better protection of the water supply at Lake Moraine. The resolution petitions the council that the suggestion as contained in the official report of John P. Brown, secretary-treasurer of the International Society of Arboriculture as published in the Gazette yesterday, be acted upon at once. The sentiment of the members was that steps should be taken on the line indicated in Mr. Brown's report to avert the repetition of the caterpillar pest of the last two summers.

Mr. Brown's report shows that there remains a great quantity of nests of eggs and that as soon as the tender green leaves of the aspen trees appear these eggs will hatch and millions of young caterpillars have being. It is pointed out that it will be difficult to combat the pest after those caterpillars are full grown and another defoliation of the trees, now weakened by three successive breeds of worms, will kill most if not all of the deciduous trees on Pike's Peak. Mr. Brown suggests three methods by which these pests may be destroyed, first by collecting the cocoons and burning them, second by spraying the trees as soon as the young insects begin to appear with some good insecticide and, third, as a last resort to clean away all the aspens within the watershed.

As to Membership.

The lax membership of the chamber of commerce was fully discussed. The chamber has now 230 members and the small amount of money derived from them is absolutely inadequate to issue even ordinary literature, which is in constant and daily demand. It was decided to start a very aggressive campaign on every citizen who is not a member of the chamber. In the light of a coincidence, while this matter was being discussed a prominent business man of the city entered the chamber and declared to the directors that he had never been approached to join the chamber of commerce, but his conscience had troubled him so the past few weeks that he would like to become an active member at once.

The report of the committee on advertising, of which Dr. B. P. Anderson is chairman, came up and Dr. Anderson reviewed extensively the results accomplished by the very small expenditure of money in bringing the health and pleasure features of Colorado Springs and vicinity before the medical fraternity in the United States. He urged most strongly the necessity of using the $10,000 to keep standing weekly in the three most prominent medical journals advertisements of Colorado Springs. He discussed at length the proposed idea of a casino for the use of the visiting sick and explained the ideas as have already been given publicity. Dr. Anderson stated emphatically that after getting the people here amusement was a necessity and the ... feature and casino idea generally, he said, was receiving strong indorsement.

Mr. Rouse, one of the executive committee, and also a county commissioner, formally invited all members of the chamber to attend the opening of the new court house Saturday. On behalf of the members at large the directors accepted with thanks.

City's "Bete Noire."

The "bete noire" of Colorado Springs, the dust, was generally discussed. Mr. Donaldson, who has interested himself extensively in modern roads, and general municipal improvements, stated that good results from judicious utterings had already been accomplished and that the advertising committee had systematized its work. Touching on the dust problem he said: "It seems to me that the chamber of commerce should now make a vigorous effort to secure some means of laying dust. If we were to do nothing else this year and would succeed in finding some means of treating our streets with oil or oil rock so that the dust would be eliminated, the chamber of commerce in my opinion would be justified in dropping everything else.

"Fortunately, this is not necessary, however, for I am firmly convinced that if we once arouse the interest of citizens to the fact that this work can be done successfully we shall get their immediate and earnest support. The Good Roads association for the past year has been investigating oil treated roads and I am firmly convinced that we can succeed in securing some method of vastly improving our driveways. Mr. James W. Abbott, special agent for the good roads department in Washington, D. C., reported to me here a few weeks ago that he had spent several months in investigating oiled streets and the methods for applying oil and was convinced that oil could be used in Colorado Springs to great advantage. But in order to get any results, it will be necessary to have the co-operation of the city and the citizens at large. If we can rouse our people to an appreciation of the necessity for treating this matter up at once and to create a public sentiment in favor of some effort in this direction, I am satisfied that a special fund could be raised and a serious nuisance relieved. The Riding and Driving association, the Good Roads association and the chamber of commerce should meet and devise means of creating public interest in this question. If our citizens can once be assured that our streets can be so treated that the dust will be abated, I am sure that they will respond in a body and indorse and work in behalf of any movement that leads in this direction."

...GENT M'CLURE HAS AN INTERESTING LECTURE TOUR THROUGH NEW ENGLAND

Paul Walter Sammond, of California, ... excursion ... hotel ... was interviewed recently by the Los Angeles ... he said that southern California ... built up by outside capital, brought there by stereopticon lectures given ... East New England, depicting its attractions and advantages.

With this thought in mind, Mr. Gilbert McClurg said on leaving Colorado ... that he should endeavor to make his New England engagements the most telling of all included in his trip.

He began at Hartford, where the Courant of April 28, said his lecture was adequate in description, poetical in language and deeply interesting in all details.

Thence Mr. McClurg went to Middletown, Conn., where he lectured twice. The Penny Press of May 2 of that place characterized "Peak, Pass and Plain" as historical, literary and entertaining. The reporter continued naively: "There were over 200 lantern slides used in the illustrations. Seven gold bricks were ... in the show. This was the ... that many in the audience ever came to owning a gold brick. Many interesting stories were told during the evening, and were occasionally used with rare effect by the speaker. There were none present but who know Colorado well now."

The head officer of the Massachusetts Christian Endeavor union arranged for Mr. McClurg to lecture under its auspices in order to swell attendance at the Christian Endeavor convention to be held in Colorado in July.

These engagements so far have included lectures at the Ruggles Street Baptist church, Boston, Tremont temple and the First Trinitarian Congregational church of Lowell, Mass.

At Jamaica Plain, Mass., he lectured on May 7 under the auspices of the Athletic association.

In Springfield.

On May 8 Mr. McClurg lectured before the Y. M. C. A. of Springfield, Mass., a brother of Mr. Ashel Sutton of this place, was among the auditors. The secretary of the Y. M. C. A. of Springfield, Mr. W. Knowles Cooper, wrote Mr. McClurg apropos to his Springfield lecture:

"Our people were delighted with your views, and with your most attractive presentation of the charms of Colorado. The lecture and pictures together formed a delightful evening's entertainment. I send you herewith a copy of today's issue of the Springfield Republican. Showing as you do the conservation of that paper, you will understand that the notice is highly complimentary. We congratulate you upon securing it."

The Springfield Republican notice, date of May 9, was as follows:

"Colorado and especially Colorado Springs of that state, were placed in a favorable and interesting light by Gilbert McClurg, who lectured last night at the Young Men's Christian association on 'Peak, Pass and Plain.' He talked on the attractions and stories of the Pike's Peak region and with the aid of an almost countless number of fine stereopticon views was able to bring that country right into Springfield. Mr. McClurg enumerated a host of things in which Colorado is 'first,' and from the standpoint of scenery his claim will hardly be disputed. The lecture was well attended and was appreciated."

In Washington.

Mr. McClurg returned to Washington for the meeting of the American Climatological association, and, when this convention is concluded, will resume his tour of New England. "Peak, Pass and Plain" was given May 11 at a "smoker" of the Cosmos club of Washington, arranged by Mrs. L. D. Howard and Marcus Benjamin, who were in Colorado with the American Association for the Advancement of Science.

Mr. McClurg gave his lecture before the convention of the Climatological association at Washington last evening. On this occasion he distributed 200 copies of the book, "High Altitudes for Invalids," of which he published three editions while connected with the Colorado Springs chamber of commerce. He made formal application for the books at the meeting of the chamber on Thursday, May 7, and they were forwarded him at Washington.

At the same meeting Mr. McClurg presented a request for 200 copies of the same book from Alexander Jackson, Buffalo passenger agent of the Rock Island road, with whom he had left some copies when he lectured in Buffalo last December.

PLUMBERS STOP OFF EN ROUTE TO CONVENTION

The Denver and Rio Grande brought in six cars of delegates yesterday afternoon at 5 o'clock, en route to the ... of master plumbers to be held in San Francisco next week. Immediately upon their arrival the members of the party rushed for the street railway to visit Manitou and the canons, ... a number went over on the ... and Rio Grande train. There ... about 400 in the party and they ... in the vicinity a good part of ... The first delegation came in ... special train yesterday morning ... at 9:30 o'clock over the Midland for Salt Lake City where the next ... will be made. W. J. Doyle and ... Barnes joined this party as delegates from this city and George Geiser went on the trip. In all there are ... 1,000 visiting plumbers in the ...

...TY WEDDING—A very pretty ... occurred at the U. B. parsonage, 417 South Cascade, Wednesday evening, May 13, 1908. The contracting parties being Mr. Charles L. ... and Miss Etta Armstrong, both of ... Creek. Rev. W. W. Davis was officiating minister.

ENTERTAINMENT BY THE EPWORTH LEAGUE

The Epworth league of the First Methodist church gave a unique "old-fashioned entertainment" in the auditorium of the Y. M. C. A. last night. Refreshments were served after the program had been rendered and everyone had a pleasant evening. The proceeds of the entertainment go toward the furnishing fund of the league's room in the new Y. M. C. A. building.

Subscribe for The Gazette.

FULL REPORT MADE BY THE ARBITRATORS

The full report of the arbitrators in the matter of the Popejoy claim for extras against the county commissioners was submitted to the board yesterday morning. The report showed the amount of the award to have been something under one-tenth. The exact amount being $888.50. The full amount claimed by Popejoy was $9,450. The award of the arbitrators as stated yesterday included in addition to the extras allowed, an allowance of $1,864.46.

COURT HOUSE PLASTERING IS DECLARED SAFE

An investigation of the court house plastering was made yesterday morning by F. E. Edbrooke, S. B. Duff and Joseph Dozier at the invitation of the county commissioners. They examined the plastering on the ceilings of the circuit and criminal court rooms and the other rooms of the building. Their report declared the work to be absolutely safe.

TICKETS ON SALE—Tickets for the final concert of the Colorado College Glee club will be on sale from today at Foltz & Hardy's book store.

Y. M. C. A. NOTES

The regular monthly social at the Y. M. C. A. building this evening will be in charge of the young people of the Second Presbyterian church. They have arranged the following program: Violin solo, S. Connolly; recitation, Alva Minium; piano duet, Ella and Irene Hagerty; recitation, Celestia Brown; violin solo, Dr. Marion Roberts; recitation, Myrtle Morrison; violin solo, S. Connolly; recitation, Le Roy Minium; recitation, Nellie Brown.

COL. WHEELER INSPECTS COMPANIES D. AND I

The new equipment for the two local companies of the Colorado National guard will be received about July 15.

This information was given out last night by Lieutenant Colonel W. B. Wheeler, of the Tenth United States regular infantry. Wheeler was in Colorado Springs to inspect companies D and I and the hospital corps preparatory to the change in equipment recently ordered by the war department under the provisions of the Dick bill.

The Springfield rifles now in use by the National guard of the state will be replaced by Krag-Jorgensens. No change will be made in the side arms and the new swords of the officers represent the only other change from the equipment in use. Lieutenant Colonel Wheeler performed the inspection under orders from the war department. The department is checking off all the old guns in order to earn the exact condition of them before removing them.

The Krag-Jorgensens are being given to the National guard in order that the militia may be brought more up to the standard of the regular army than is the case when the old guns are used. It is planned to hold regular target and range practice and an effort will be made to develop good marksmen in the guard as well as in the regular army. The two companies are now holding sighting practice. They will soon take up gallery practice and all those who qualify in these will be taken out upon the range sometime during the month of July for several days range practice. The new rifles are expected by that time. The officers of the local battalion have in most instances ordered their new swords.

After the inspection last night Lieutenant Colonel Wheeler complimented the men of both companies on the condition of their arms.

Lieutenant Colonel Wheeler was accompanied to this city by his wife and Captain Southard and Lieutenant Bloom of company I. Both Captain Southard and Lieutenant Bloom are now residents of Denver. Captain Southard expects to tender his resignation to the state in a short time, when an election will be held here to name a successor. Lieutenant Bloom is in the surveyor general's office. Colonel Lewis Barnum and Lieutenant Hall of company H of the Second regiment of Pueblo, were also present at the inspection. Lieutenant Colonel Wheeler will go to Cripple Creek this evening to inspect the company there. From Cripple Creek he will go to Pueblo and Canon City.

SUIT NOTICES INTEREST IN MINE

In the district court yesterday a replication was filed by the plaintiffs in the suit of H. J. Majors against the Morning Glory Gold Mining company. The original complaint asks for a half interest in the property of the defendant company, the plaintiff claiming the right to the interest under an assignment from one Robert Maloy, who, it is claimed, was originally interested in the locating of the claim. The answer of the company admitted that Maloy had at one time been interested in the claim to the extent claimed but pleaded that he had forfeited that interest by failure to perform the work required under the statute. It further pleaded that the United States department of the interior had ruled that his interest had been forfeited under that failure.

In the replication of the plaintiff, filed yesterday, the failure to perform the work is denied and the jurisdiction or right of the United States department of the interior to declare a forfeiture is denied and put in question.

RESIDENTS OF HILLSIDE DISCUSS IMPROVEMENTS

The regular meeting of the Hillside Improvement society was held last night at the Christian chapel on East Moreno street. A large number were present. E. C. Hammond read a paper on "Hillside Reminiscences," and Professor Roncoh Hi... read a paper on "The Future of Hillside." Dr. Gray also discussed the future of that section of the city. Alderman J. C. St. John and City Engineer Erastus Case were present and addressed the meeting. The Helen Hunt school grounds came in for discussion. It was decided that the society should donate trees or otherwise assist in beautifying the school grounds and a committee was appointed to look into the matter.

CALEDONIANS HEAR INTERESTING PAPER

The regular monthly meeting of the Caledonian society was held last night in the Caledonian hall on Bijou street. The meeting was largely attended. After the election of several new members the meeting was favored by a highly interesting and instructive paper on "Thomas Campbell," the classical and lyrical poet, by John Ferguson. Campbell's best productions were the "Pleasures of Hope" and "Gertrude of Wyoming." "The former poem," said Mr. Ferguson, "presents a series of dazzling pictures, a pure and elevated tone of moral feeling, a terse, vigorous and polished versification, which has never been surpassed by a poet of 21 years of age. But it is by his lyrical poems that his fame endures. Poems like the 'Battle of the Baltic' and 'Hohenlinden,' when once impressed upon the memory can never be forgotten." Among the other numbers on the program were a song, "Mary of Argyle," by Mr. Ross; a recitation, "Hohenlinden," by M. Woodruff; "Lochiel and the Wizard" by Gillis Ferguson, and "Lord Ullin's Daughter," by Dr. Muir.

A humorous reading entitled "Wee MacGregor" was given by Mr. Hethrington and a song, "True Til Death," was sung by Hugh Davis. Chief Bryson named Judge Orr and Attorney Woodruff to lead the debate which will be held at the next meeting on "Municipal Ownership of Public Utilities Versus Private Ownership of the Same." All of the members were requested to prepare themselves on the subject as they would be called upon to express their views on the subject.

GERMAN LUTHERANS—The German Lutherans will hold all their meetings hereafter in the Carpenters Union hall on Cucharras street, opposite the new court house. The next service will be held there Sunday morning at 11 o'clock. Sunday school at 9:30.

NEW SOLOIST—Mrs. Leslie Carlton, violinist, will appear for the first time at the First Congregational church Sunday evening. She will play "Meditation," by George Mollyke. Mrs. Carlton has studied two years at Oberlin and one year at Chicago. Dr. Gregg's sermon Sunday will be, "An Evening With John." The usual orchestra will be in attendance.

ORPHEUS SOCIETY—The rehearsal of the Orpheus society will commence at 7:45 o'clock this evening. Light refreshments will be served. Every one is urged to report on time.

THE SPORTING NEWS ... EVERY DAY IN THE GAZETTE

... THIRD IN SERIES OF THE MILLIONAIRES

[illegible] Thought They Had Cinch on Game [illegible] Got Busy and Ended With One to the Good.

The "Pilli sites from the [illegible] the [illegible] after-[illegible] both teams [illegible] of [illegible] is far inferior to the kind [illegible] player. It was an off day all around. Granville had not up to his [illegible] and [illegible] was bad on throwing. [illegible] played with two demerits. The work of the Kansas City [illegible] was to be expected as they [illegible] illustrated that they can be classed with the [illegible].

Colorado Springs was out in the [illegible] half of the ninth by a score of 4 to 2. After one man was out Everitt [illegible] plate on Weeks error [illegible] Doran's grounder. Everitt [illegible] reached [illegible] on a hit by himself and Nill and a [illegible] choice. Kansas City got eight [illegible] in the first three innings while the [illegible] only managed to get two in that length of time. After the [illegible] however, the locals started in and gradually worked up to a tie with the [illegible] crowd. It was [illegible] after the Missourians had retired [illegible] the first half of the ninth, but the Everitt crowd was good for another tally.

Curtis on Slab.

Curtis was on the slab for the Springs [illegible] after the third inning pitched [illegible] in the [illegible] second and third he [illegible] found for a total of eight [illegible]. These [illegible] with bad fielding [illegible] Kansas City to get their big lead. Curtis was [illegible] impressed with the fact that if he didn't make good in this game, it might be all off with him and he [illegible] good. During the remaining six innings of the [illegible] he allowed only [illegible] hits, all of [illegible] so scattered that his [illegible] could not hope to [illegible].

[illegible] started in for the big show but [illegible] saw that Halla was sure to lose [illegible] and put in Cable in the middle of the fifth. Cable did a [illegible] better than Halla but [illegible] and bunched hits gave the [illegible] the victory.

In the first Colorado [illegible] got three [illegible] wielding the willow. Francks was put out attempting to reach second, however, and Congalton [illegible] trying to [illegible] second [illegible] got [illegible] and gave up the [illegible] third in the meantime, but two men were already out and no runs were scored. Kansas City, in the first half had secured two on hits by Waldron and Miller, an [illegible] with so first and [redacted]

[illegible]

The [illegible] got [illegible] in the second [illegible] Cable's [illegible] error by Francks and Halla's hit [illegible] possible. The Burnsites changed matters somewhat by [illegible] Ketchem, who should have [illegible] missed [illegible] fly and "Cap" scored on Nill's double and a fielder's choice. Nill came in later on Curtis' hit over Second Baseman Webster. The third [illegible] a round horse-collar for the Everitt crowd but the Blues gave the fans [illegible] by a [illegible] of five runs. [illegible] this way: Waldron singled and went to third on Miller's hit. Granville [illegible] the ball and not throwing [illegible] to first allowed Waldron to [illegible] and Kahl to reach the initial sack. Miller [illegible]

BLOOD POISON

[illegible]

[illegible] by drink [illegible] Private Blood Balm [illegible]

[illegible]

[illegible] He [illegible] Mil-[illegible] with the [illegible] off to [illegible] Nothing [illegible] in the [illegible] hits, and the only [illegible] Kahl and [illegible] was still [illegible] on Curtis, which [illegible] in this [illegible] Everitt's [illegible] before [illegible]

All [illegible] was a half-dozen round drive for Kansas City. The [illegible] only [illegible] the [illegible] made. [illegible] in the ninth, which [illegible] did not result [illegible] Curtis, too, got down to business and showed that he could do a few things in the twirling line. Curtis throws some [illegible] curves and he [illegible] use them, with [illegible]. At the rate [illegible] of the balls [illegible] over the plate yesterday, good batters would have sent them clear out to the fence.

[illegible] the [illegible]

In the fourth, Granville [illegible] at No. 1 [illegible] and Streib, [illegible]. Doran hit safely and went to second on Curtis' [illegible] hit. Fleming made a good hit which allowed Doran to score while Miller's effort to do the "presto, change," act with the ball in left field allowed Curtis to [illegible] second and third. Francks' hit gave Curtis a chance to cross the plate and Fleming scored on a field play. A double play retired the side.

In the fifth Everitt singled and went to second when Nill walked. Weeks [illegible] Doran's easy grounder and Everitt and Nill both scored. Doran got tangled up between second and third and he did the "hot foot" in great shape for a time but fell at last before Streib, who had crept over to second. Kahl, Webster and Weeks [illegible] in the play. The Millionaires did not score again until the eighth when Fleming singled, pilfered second, and came home on successive field plays. The scoring of Everitt in the ninth won the game. Attendance 1,[illegible].

AROUND THE BASES

Kansas City closes the series this afternoon at 3:45.

St. Joe, the team that played the sensational game with Denver yesterday, is here tomorrow for four games.

Milwaukee and Peoria follow and there is where the locals want to watch out for all's.

Today is ladies day. No charge is made for general admission for ladies whether they are accompanied by escorts or not. A reduced admission is charged for the grandstand.

What has become of the "fog-horn" brigade? Kansas City's poor work has almost forced it out of business.

Newmeyer or Villeman is slated to do the slab work today. It is not known who Nichols will put in. Probably Nichols. Nothing else to do.

Wonder what Delehanty thinks of the local team by this time. The Denver captain, after the series here allowed himself to be interviewed long enough to state that the Everitt crowd were playing in luck and they were due for a big fall. Luck is a good thing to have now and again.

Nichols can Kahl the locals whatever he wants to after he consults Webster but it will take Weeks to Ketchem and then he is liable to Messitt when it comes down to a race for the pennant. Better Cable the nairs to mother, "Kid," for here's where we Halla.

According to "Johnny" Garrell, captain of the "fog-horn" brigade, the locals will win today.

Nill went after a difficult grounder yesterday afternoon off Waldron's bat. The ball bounded badly and the player did not deserve an error.

No news was received from President Sexton [illegible] in regard to the Lumley, [illegible] and Swacina is still substituting for that player in the center garden.

[illegible] Jack McCarty did not get his [illegible] eye on one of the balls got down the [illegible] yesterday. Granny knocked a ball [illegible] all the [illegible] off the right field foul [illegible] but Jack called it a foul.

[illegible] was badly puzzled in the third [illegible] yesterday. Streib knocked one to third. [illegible] had [illegible] into [illegible] after the ball [illegible] out of his hands. Waldron [illegible] was almost at [illegible] on the way to first. [illegible] thrown to [illegible] or first [illegible] surely have resulted in an out [illegible] Miller on [illegible] and everybody [illegible]

[illegible]

WALLY PLAYED CLOSE GAME IN DENVER

St. Joe Got [illegible] Record [illegible]

The Cubs Secure Their First and Only Score in the Last Half of the Ninth.

Special to the Gazette.

Denver, May 14.—Not a run in 18 innings is St. Joe's record for the past two games. Today it was a closely fought, well played game from start to finish and the Cubs did not succeed in making a run until the ninth inning. One run was chalked up in this inning, leaving the score 1 to 0 in favor of Denver.

In the first inning the St. Joe team went out in a very short time and Jones for the Cubs took his place at the bat. He reached first and on Frisk's two-bagger got to third. Gus Dundon struck out and as Delehanty and Mohler had been put out previously there was nothing left for the Cubs to do but retire. Kemmer opened in the second and got to base on a single. He ran for second like a mechanical toy and was put out. McBride failed to reach first and Crum met with the same fate. Denver came [illegible] for its half and with McHale and Gaston out, Latimer reached first on a very slow one. Barber hit a good one that put Latimer on third and gave himself first. Here the home team again had hard luck, Delehanty retiring the side on a fly.

Garvin walked and Glade flew out. Delehanty made a beautiful running catch that let Mohler out and Jones went out on a long fly. The home team started once again and again "Del" went out. Then Jones put the ball over by the club house. His hit was good for two sacks and he went to third on Frisk's out. For the third time the Cub players died on their bases, Dundon going out on a fly.

In the fourth, Belden opened and singled. Hartman was good for two sacks and put Belden on third. Kemmer singled, making three men on bases and no outs. On McBride's long fly both Kemmer and McBride went out. Crum retired the side. As misery loves company, so the fans love to see the visitors receive the same treatment as Packard's Pets. That they were delighter was plainly evident. McHale and Gaston for the Cubs went out. Latimer's lively drive over second good for a single, but Harber fouled.

At the beginning of the fifth inning neither side had scored. Garvin went out on a foul but Glade was more successful, he singled. Maher singled and Glade went out. Belden was the finale.

Delehanty went out to center. Mohler singled. Jones struck out and Frisk made good with a single that put Mohler on second. Dundon was killed getting to first. Thus ended the fifth inning, a little more exciting but no different in the matter of scores from the innings played before. The St. Joe boys couldn't even single in their half of the sixth, so the Cubs tried their luck. McHale flied, Gaston flew out to Pitcher Glade, who made a double play sending the ball to Kemmer, who put McHale out before he could get back on base. Latimer was the next out. The seventh opened with nothing doing and Garvin for the visitors went out. Glade walked. Maher's single put Glade on second. Captain Rohe was hit by the ball and he was given first, moving the other players up a peg, and putting three men on bases. Belden fouled and Hartman, noted for his heavy batting, came to the bat. It was a critical moment, but the St. Joe team's old standby struck out, retiring the side. The Cubs went at it again. Barber fouled and Delehanty proved the one redeeming feature of the game. He sent the horsehide soaring over in center field for a three-base hit. Mohler singled, and Del was put out on the home stretch. Mohler went out, stealing second, Kemmer and McBride both flew out to Jones and Crum went out to McHale. The Grizzlies came up for their half. Jones singled, the first baseman failed to catch the ball and Jones began running around the bases. He was caught between second and third and after much maneuvering, put out. Frisk went out. Dundon singled, but went out trying to reach second.

At the beginning of the ninth the score board still contained nothing but ciphers. The St. Joe bunch couldn't change the score. The fates were still unkind.

Amid whoops and yelps, which after the fashion of a good old-fashioned war cry, the fans enthused the players to such an extent that Dundon walked. Glade thought himself and his tribe were about to lose their scalps, and it made him nervous. McHale smeared over with a mud-colored war paint, singled, then reached second on Latimer's single. Barber—he should have taken the scalps, but he didn't—struck out. Captain Delehanty, the old warrior, sent a ball fair over in center field and scored McHale, the first and only run made during the whole game.

MALLEY WANTS ANOTHER BOUT

Negotiations are now pending for another go between Billy Malley of this city and Jim Flynn. Flynn put Malley down for the count at the Lovers Athletic club in Pueblo Tuesday evening, but Malley is just as anxious to meet Flynn now as he was before. The local man realizes that he passed up a chance to knock Flynn out in the first of the fight and he believes that he is able to do the work if another chance is given him. Malley yesterday stated that he is willing to meet any man in the state on three weeks' notice. He wants to get a match with "Cyclone" Kelley, the California man, who is now at Florence, and a bout may be arranged. By whipping Kelley, Malley could claim a match with Flynn. Malley is making arrangements to have Johnny Corbett, the man who backed "Young" Corbett in some of his biggest fights, to second him.

Reports from Pueblo relative to the condition of Jim Flynn are to the effect that Flynn is in poor condition for his coming go with Morgan Williams on May 26 in Pueblo. This fight will in all probability be postponed as Flynn is slow in recovering from the effects of Malley's blows.

... DEADWOOD NO. 2.

Lease Has Been Sublet and Development Work ... Currency Lessees Are Drifting on a Good Streak of Ore.

... May 14.—R. P. Russell ... vein 6, 7 and 8 on the ... property to C. Berg and ... two well-known lessees of the ...

... obtaining the lease the gentlemen ... from different places on the ... and from three assays taken ... were obtained. From ... of the drift on the seventh level ... ran $... to the ton. ... in this same drift, but nearer ... the assay values were ... the sixth level the only assay ... to the ton. The lessees ... with your representative ... they knew where the ore could ... before they ever applied for ... and by the results obtained today ... it seems as if they ... correct.

Will Push Work.

... lessees will commence operations ... morning and will push the drift on the ninth level. They ... put men to work on the sixth ... levels, from which they expect ... commence to break ore immediately ... saying that they will send out ... inside of 10 days. In the ninth ... they will drive the crosscut for two ... vein expecting to encounter ... about ... feet of work.

Deadwood No. 2 ground belongs to ... Mines company, of which the ... investment company are principal ... The lease was made out for ... with a ... per cent royalty ... going to the company and ... per ... the original lessee, R. P. Russell. ... Lesher, operating the Mohawk ... of same named company under ... encountered a good grade of ... feet from the surface.

... has been worked with a whim ... today the lessee is having built ... shaft house and ore bin. When ... he expects to install a large ... machinery and then development ... be pushed with all speed. It ... expected the shipments will be sent ... regularly, as Mr. Lesher is positive ... new find will develop much wider ... with depth. The Mohawk ... Belle claim adjoins the ... famous War ... Eagle property, ... Gold Sovereign territory.

Beacon Mountain.

A. C. Adams, ... recently secured a lease on the Rocky Mountain property on Beacon hill, will commence operations tomorrow or Saturday. Mr. Adams will do considerable development work on the property, but he first expects to sink the shaft an additional 100 feet, it now being a depth of 200 feet from the surface.

At the 300-foot point the lessee will drive a crosscut for the south extension of the El Paso rich ore shoot, which he is sure will be encountered in his property.

At the present time a good plant of machinery is on the property, it being one of the successful gasoline engine plants that has been worked in this district, but if good ore is encountered, a larger plant of machinery and air compressor will be installed. By the resumption of this property everything on the west slope of Beacon hill will be in operation, and this is the best showing of any hill in the district. Mr. Adams secured the lease on the property for a period of two years, with a flat royalty of 20 per cent, giving him every opportunity to make money if he encounters ore.

New Cyanide Company.

Articles of incorporation of the Cripple Creek Cyanide company were filed in the office of the county clerk, the company is capitalized for $25,000 with the same number of shares at $1 par value. The directors for the first year are the following: F. A. Wright, Frank Wright, C. H. Clark, N. C. Taliaferro and W. C. Brierly, with their principal office at Gillett. The object of the company is to acquire, lease, hold, and operate lodes of gold, silver, copper, etc. Also to build and operate mills.

Currency.

Lessees Howard and Grant, who are operating on the Currency property, are now drifting at a depth of 110 feet from surface, where they have a streak of ore which assays around $25 to the ton. This ore has been followed down the shaft during the progress of sinking, and with a little more depth it is believed that this will prove to be a well-defined ore shoot.

... Company Gets ... Returns from ...

... were received yesterday from ... shipment of ore from block 8 ... section 6 under lease to the ... Mining, Milling and Leasing ... a Colorado City concern ... N. B. Haines, C. H. Taylor ... and others are the principal ... holders. The value per ton ... settlement was made was ... The total shipments for the ... April as shown by the report ... treasurer amounted to $12,300. ... company is sub-leasing from ... and is paying 22½ per cent ... on all ore shipped. The lease ... March of next year.

The main shaft is down 450 feet and it is the intention of the company to sink it to the 550-foot point and at the same time continue the production of ore in the upper levels. The vein from which the shipments are being made is said to be five feet in width and the ore shoot which has been opened up has been explored for a distance of 160 feet with 250 feet of stoping ground between the levels where it has been found.

The directors of the company will go to Cripple Creek the first of the week to look over the property. There are about 25 men at work in the different portions of the property.

COLORADO SPRINGS MINING STOCK EXCHANGE

... mining stock market yesterday ... as active as the day before and ... were somewhat lower, especially ... higher priced securities. This ... of Golden Cycle, which sold ... down to ... and Portland which ... to $1.35. The opening sale was ... Elkton remained strong ... El Paso held its own at 50¼ ... sold at 19 with light sales ... in the prospect department ... and the weakness was ... among the Beacon hill ... though Old Gold did not sell ... high point of Wednesday ... were ... made at 5. Mary Nevin was the feature of the day, the heaviest trading being noted in this stock. There were sales of 24,000 shares at from 2⅝, the opening figure, to 2⅜ at the close, most of the sales being made at the latter price. Beacon Hill-Ajax advanced to 3 with light trading and Marquette was strong at 1¾. An odd block was sold at $8.50 per 1,000 shares. Mary Cashen was weak at 2½ and Merrimac sold from 2⅝, the opening figure, down to 2½, a loss of ⅛ from the top price that was recorded.

In the miscellaneous department, 10,000 shares of Anchor was sold at $8 per 1,000 shares.

EASTERN MARKETS

NEW YORK STOCK MARKET.

Report from J. S. Bache & Co., to Otis & Hough, Bankers and Brokers, 127 Pike's Peak Ave.

New York, May 14.—The tone underlying that was manifested at the close last night was in evidence during the first hour, but later prices were inclined to shade off and traders seemed to take profits, using the expected shipment of gold to Argentina Saturday as a bear argument. Regarding the threatened strike on Great Northern, private dispatches from St. Paul indicate that a satisfactory conclusion will be the outcome of the conference now being held. The market appears very tired and unless some new influences be brought to the support of prices, the list is likely to go lower. The close was weak and unsettled at lowest prices of the day.

From McIntyre & Marshall: The further depression in the stock market today was due mainly to the renewal of liquidation from scattered sources and chiefly from recent disappointed bulls and tired holders. The only attempt was made to stimulate the market in the earlier trading under lead of Gould stocks and some of the trunk lines and specialties, but this failed to obtain any response even among the room traders and when the selling movement developed in the afternoon prices faded away throughout the list. There seemed to be a good deal of selling by operators who had recently been conspicuous in efforts to bull the market and also by the Western contingent. The market is acting about as indicated in our previous reports and we do not see much prospect of any material change from its present narrow and sagging condition. The gold shipments and the very strained condition of the cotton speculation and prospects that Saturday's bank statement will not make a favorable showing are features adversely affecting the general sentiment on the immediate course of prices and are contributing to the present depression.

CHICAGO GRAIN & PROVISIONS.

Furnished by Logan & Bryan to Otis & Hough, Bankers and Brokers, 127 Pike's Peak Ave.

Wheat—Liverpool, ⅛ lower to ¼ higher; Paris, ½ to 1⅛ higher; Antwerp, ⅝ lower. Market here was more active and the tone decidedly stronger. There was an improved inquiry for shipment in the southwest, markets and the seaboard confirms rather more business yesterday than had previously been reported. The tendency of crop advices is also unfavorable. The Price Current says the condition barely maintained during the week; the extent of deterioration mostly indefinite and prospective rather than positive. Kansas is sending in a few reports of damage by hessian fly, and we have reports from a very reliable source in Nebraska, the substance of which is that after 10 days of perfect weather, the crop is lacking thin and poor. Undoubtedly a good deal of the buying which caused the rally here at the close was covering of shorts, but the market ... to the developments ... being ... Beacon hill ... at about 2,000,000 and ... be ... that the visible ... Monday will show ... decrease. Market ... for some time ... show signs of getting out of the ... upward turn. With the ... it will do not take much bad crop news to cause a good advance. Cables ... still complaining of lack of rain ... of the ... estimated cars, 25.

Corn—Liverpool, unchanged. Market here was steady, cash position ... strong ... The southwest markets ... Shipments from Missouri river points ... better than Chicago ... there for shipment to the south. The ... that ... is still backward, but large ... Speculative ... improved ... by weather conditions ... The ... rather ... strong ... estimated, ...

Oats—Market was very quiet ... steady. Provisions ... which ... but ... Talk about ... Conditions ... no improvement. Estimated cars, 85.

Provisions—Market irregular ... the whole without much change. ... hogs ... 33,000 ... Hogs ... year ... the stronger ... by Armour ... no improvement in ...

DEVELOPING AND SHIPPING ORE

A. M. Levy, president and general manager and Superintendent ... of the English-American company, were visitors in the city yesterday. They reported a shipment of ore ... yesterday to the Standard mill at Colorado City, from the workings in the property at a depth of 157 feet. The company has started a winze at a distance of about 100 feet from the shaft and at a depth of less than 10 feet samples of ore have been taken which show free gold in good quantity. No assays have been taken, as the values are so evident that assays are unnecessary.

The company is operating the block ... of the school sections, commonly known as Pinnacle and is sinking the shaft to the present time ... of ... about 200 feet, having already been ... Mr. Levy stated that here ... a large quantity of ore in sight which will run upwards of ... ounces gold to the ton without sorting and that it is the intention of the company to make regular shipments from now on. The company is employing a large force of men in the drift at 157 feet and in sinking the shaft.

ISABELLA TO ... BE LEASED

At a recent meeting of the board of directors of the Isabella company it was decided that as the property ... could be obtained from responsible parties for a lease on all the property of the company which is not now under lease, that it would be the most desirable course for the company to pursue, and the directors have therefore asked all parties desiring such a lease to submit to the secretary, ... Bangs, on or before May 25 at 12 o'clock noon, bids for same. Mr. Bangs announces that the company desires to have parties submit offers which shall state the terms that they would be willing to have embodied in the lease, including the length of the lease, the royalties to be paid and the amount of work and development to be done during each month. The lease will contain the usual covenants for the protection of the company and will require ample security for the due preservation of the machinery and property. These proposals should be sent in sealed and properly marked and no lease will be opened until the 25th of the present month. The future policy of the company will be determined at that time and will depend somewhat upon the character of the offers made for leases.

SHIPMENTS MADE BY STRATTON'S INDEPENDENCE

The shipments from Stratton's Independence for the week ending April 24 show a material decrease in the grade of ore sent out from the mine. The shipment of ore made April 18 of 250 tons showed a total value of $4,650, or $18.60 to the ton. The consignments sent out during the balance of the week averaged 200 tons daily with a value of $3,000 or an average grade of $15 to the ton. The ore heretofore has been running around an ounce in gold to the ton. The reports of a strike in the property are denied by those in charge.

TOURING INVESTORS THROUGH THE STATE

William J. Mathews left last night over the Denver & Rio Grande for the Florence oil fields. Mr. Mathews is the local representative of the Sears Investment company with offices in Colorado Springs and Boston and will meet a party of investors at Pueblo. After a thorough investigation of the Florence oil fields the party will go to Cripple Creek to look over the camp and inspect the property of the Nightthawk Mining company, owning property on Beacon and Rose Bud hills, adjoining the Old Gold and other properties which have been the scene of several good strikes during the past few months.

GAZETTE WARRANTED WANT ADS

Colorado City News

[illegible]

BRIEF CITY ITEMS.

BORN—To Mr. and Mrs. C. W. Kinsey, on May 13, a girl.

PRETTY PARTY—Mrs. [illegible] entertained [illegible] last night. Refreshments were served and a very good time was enjoyed.

ENTERTAINED—Mrs. Walter Myer entertained the Twentieth Century club at her home on Colorado avenue Wednesday evening. High five was the game of the evening and several games were played. The first prize was awarded to Mrs. J. F. Walker for winning the most games. Mr. [illegible] was given the first gentleman's prize, and Mr. and Mrs. [illegible] were given the consolation prize. [illegible] Nearly all the members of the club were present, and all expressed themselves as having enjoyed a very good time.

HIGH FIVE SOCIAL—The ladies [illegible]

Amusements

MARY SHAW'S FALL [illegible]

The character of Mrs. Alving in Ibsen's "Ghosts" affords Mary Shaw an excellent opportunity for the display of [illegible] ability. Mrs. Alving is the central figure in the domestic tragedy. The [illegible] play of emotion she is called upon to exhibit increases in intensity until the tremendous climax of the last act, when Oswald, her only son, who is tottering on the verge of insanity, urges her to give him poison with which to end his wretched life. In this trying part Miss Shaw works an effect so [illegible] that it is an invariable custom for actors to [illegible] the fall of the curtain and call the [illegible] by recall his again and again. [illegible] account of the sensation the play caused in New York. They will have an opportunity of witnessing [illegible] when it is presented at the Opera house on next Tuesday evening by Mary Shaw and the [illegible] New York cast.

[illegible] ABOUT NOTHING."

[illegible] the public [illegible] Mr. [illegible] Hanford, who will appear as [illegible] in "Much Ado About Nothing" at the Opera house tomorrow evening [illegible] the few actors who worthily maintain the best traditions of the classic stage. His magnificent voice, clear and resonant, finely trained and [illegible] in control, and handled by one of the few of this day who know how to read blank verse intelligently, his fine figure and his full appreciation of [illegible] as well as [illegible] makes him an ideal exponent of one of the most interesting of Shakespeare's characters.

There is probably no Shakespearean star now before the public who realizes more fully the best that is associated by tradition with the portrayal of the immortal bard's works. Mr. Hanford was under the tutelage of America's greatest actor, Edwin Booth. It was Mr. Booth who gave Mr. Hanford his first great opportunity, an opportunity of which he speedily showed himself worthy. Mr. Booth cast him for Mark Antony in the famous Booth and Barrett revival of Julius Caesar, and no one exhibited greater pleasure in the triumph of Mr. Hanford than Booth himself. Critics who have followed Mr. Hanford's work declare that he has now reached the crowning achievement of his career, by his magnificent work.

SOARING SOCIETY [illegible]

[illegible]

Itching, [illegible] and [illegible]

With [illegible]

Speedily Cured by Cuticura Soap and Ointment

When [illegible] Other Remedy and [illegible]

[illegible]

[illegible] ary to [illegible] are to give an entertainment and high five social [illegible] on [illegible] day 18. [illegible] will be provided for those who [illegible] to dance. The following program will be given: Piano duet, [illegible] Phelan and Mrs. Lee; vocal solo, [illegible] Dibble; recitation, Miss Lynn [illegible]; piano solo, Isabella [illegible]; selection, Mandolin club; song, Mrs. Pearl Karsing; piano solo, Mrs. Hickman; [illegible] Mr. Coffin; piano [illegible], Mrs. Harling and Mrs. Hickman. The public is cordially invited to attend this social.

PERSONAL MENTION.

Luther Ascough has returned from a [illegible] trip to the coast in the northwest. He will again be at his place in C. D. Taylor's drygoods store, and he and his wife will take up their residence in the city.

W. I. Merwin will leave for Glenwood Springs and Grand Junction Saturday for a few days' trip on combined business and pleasure.

Raymond Allen left yesterday morning for New Mexico where he intends to stay for some time.

John MacLaren from Aberdeen, Scotland, an old friend of W. A. Edmonston, was in the city and stopped to visit for a few hours yesterday on his way to Salt Lake City.

Jule Gualley, who has been in Hot Springs, Arkansas, for some time, has returned and is much improved in health, although he is still compelled to walk with a cane.

W. D. Ascough has just repapered and repainted his real estate office.

Mrs. Griff Louis of Cripple Creek is in the city visiting friends.

Ott's store will present each customer with a beautiful souvenir today and tomorrow, with every $2.00 or upward purchase. Call and examine presents.

SCIENCE SCORES AGAIN.

A Preparation That Will Destroy the Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ or parasite that digs into the scalp and saps the vitality of hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that would kill the germ. After a year's labor in one laboratory, the dandruff germ destroyer was discovered, and it is now embodied in Newbro's Herpicide, which besides curing baldness, and thinning hair, speedily and permanently eradicates dandruff. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Pefley-Arcularius Drug Co. and Robinson Drug Co., special agents.

EXECUTIVE BOARD OF WOMAN'S CLUB MET

A meeting of the executive board of the Woman's club of Colorado Springs, the last for this year, was held yesterday morning at the home of Mrs. W. A. Skiprd on North Tejon street. In the absence of the chairman, Mrs. F. E. Brooks, Mrs. Kerr presided.

Considerable routine business was transacted and club matters generally closed, preliminary to the summer vacation.

A report was given in regard to the state executive meeting and much regret was expressed that Mrs. Brooks will be unable to be here for the coming club year. Also, like sentiments were expressed in regard to the removal of the newly elected vice president from the city, Mrs. W. E. Stark, who is soon to go to New York city permanently.

ZEBULON PIKE CHAPTER HOLDS ANNUAL ELECTION

The annual meeting of Zebulon Pike chapter, Daughters of the American Revolution, occurred yesterday morning at the residence of Mrs. Walter C. Frost, 1[illegible] East Caramillo street. The annual reports of the officers were submitted. It was voted to offer prizes for the best work in American history, and the Cutler academy and the High school.

The election resulted as follows: Regent, Mrs. W. C. Frost; vice regent, Mrs. H. [illegible] Feldens; recording secretary, Mrs. E. W. Adams; corresponding secretary, Miss [illegible] Aiken; treasurer, Mrs. E. W. Kent; auditor, Mrs. [illegible] historian, Mrs. F. L. [illegible]; registrar, Mrs. J. F. Humphrey; board of managers, Mrs. F. T. Blackmer, [illegible] William Strieby, Mrs. A. T. Gunnell.

GRAND VALLEY FARMS

FRUIT FARMS

GENERAL FARMS

STOCK RANCHES

ALL SIZES. ALL PRICES

The water supply is the first consideration in selecting farm land in an irrigation country. The Grand Valley has the largest and most reliable water supply in Colorado.

Grand Valley fruit is superior to that raised in any other part of the west. It has taken first prize every place it has ever been exhibited.

The Grand Valley has the best climate in Colorado. The winters are mild and short. The summers cool and pleasant. It is the most healthful part of the State.

One of the largest Government canals will be constructed by the Grand Valley. Choice land under this canal can be bought now at $10 and $12 per acre. It will be worth $50 as soon as the canal is placed under construction.

We are the largest dealers in farm lands in the west. Send for our literature. It gives full information of the Grand Valley, descriptions and prices of all kinds of farm lands for sale. Enclose six cents for postage.

We furnish cheap transportation to see our properties. Free if you buy.

... SAYS ... ONE ... EXPLAINED ... OF ... LAND BOARD

Investigation Conducted by the ... Legislative Committee ... Unearthed ... Discrepancies.

Special to The Gazette.
... May 14.—The ... of the land office ... and the ... committee ... state ... the ... during the ... was ... that ... on the ... and the ... the ... as the ... the state ... books have been ... and the ... and ... the ... states that these ... had been brought up to date and explanations ... between the ... and the ... account, the ... during the administration of ... C. ... former deputy ... The report sets forth that Mr. ... has been repeatedly ... to call at the land office to correct ... but up to the present time he has neglected to do so.
The committee further reports that the advertising record book prior to the one now in use, was taken away from the land office by a former deputy register with the amount of advertisement fees received according to the office records from October 1, 1902, to March 1, 190...
The technical discrepancies in the ... gave ... to the report recently that a shortage has been unearthed in the office of the state land board, but the committee does not charge any shortage. Relative to the advertising fee fund, the committee recommend that a flat fee of $8 be charged to defray the expenses of advertising under application for a lease and a flat fee of $12 for same purpose under each application for purchase. The committee called attention to the amount remaining in the unapplied cash fund, some of which dates back many years and recommends that action be taken by the state land board commissioners in regard to either returning the money to parties having applied, if justly due them, and placing the amount which cannot be a ther ... or returned, into the land commission cash fund, the money therefor ... available for other purposes. The committee reported that it is a ... of the present administration of the land office to keep the ... strictly up to date, and that therefore extra office assistance will be necessary. The report ends with the statement that judging from the ... in the business of the office, it bids fair to become within a short time the greatest department of the state administration.

... Bill Suit.
The suit to determine the legality of the ... bill will come up for final hearing in the district court before Judge Carpenter tomorrow morning.

Country Boy G. M. Co.
A certificate of full paid capital stock of the Country Boy Gold Mining company was filed today with the secretary of state. The certificate sets forth that $100,000 stock had been issued and full paid, and was signed by William Lennox, president of the corporation.

... Co.
... company ... with ... The ... are Augustus F. McKay and Edward F. McKay. Among other places the company plans to carry on business in Colorado Springs.

... WHO BROKE SCALES IN ASSAY OFFICE

Special to the Gazette.
... May 14.—During the last 10 days the assay office of Thomas Williams ... street, has been ... in a mysterious manner. The ... he has the office was visited ... when ... the ... of the assay balance ... were destroyed, and ... notified the police. After ... investigation, the police believe they have a clew, and are confident that they will land the culprit behind the bars within 48 hours, as they are only waiting to gather evidence before making the arrest. The property destroyed was valued at between $250 and $300.

... Arrested.
C. L. Lamb, the defaulting secretary-treasurer of Engineers union No. 80, of this city, was arrested on a warrant sworn to by the Fidelity Bonding and Indemnifying company of Baltimore. Mr. Coleman, agent for the company, made application for the warrant, saying that the arrest was postponed too long, claiming that Mr. Lamb since his defalcation became known, despite his promises to the union, has continued to associate with those who got his money away from him. Lamb's bond was fixed at $800. He will probably be given a preliminary hearing within the next few days.

Goldfield Water System.
The city fathers of Goldfield held a special meeting tonight and discussed the water question in regard to the supply for the coming year, as their present contract with the city of Victor expires tomorrow. The council will visit Victor in a body tomorrow morning and confer with the Victor people concerning the new contract.

High School Oratory.
Disagreement over who shall represent Teller county high schools in the oratorical contest at Boulder has resulted in the decision that Teller county shall not be represented.

OFFICER ELECTED BY COUNTY SUPERINTENDENTS

By Associated Press.
Denver, May 14.—A special to the Republican from Pueblo says the County Superintendents association today elected the following officers:
President, C. W. Thomas, Boulder; vice president, Miss Lulu White, Pueblo; secretary, Mrs. Batterlee, Teller county; executive committee, Helen L. Grenfell, Mary E. Lyons, Otero county, and J. E. Snook, Weld county.

BRITISH MINING ENGINEER UNDER ARREST IN MEXICO

By Associated Press.
El Paso, Texas, May 14.—Prof. William G. Furman, the celebrated mining engineer of London, is, according to a dispatch from Chihuahua, under arrest in Mexico on complaints from the Watters Mining company, of London, which was concerned in the deal by which the Watterson mine was sold for $700,000 last winter, and that a $150,000 claim is made against Furman. Furman's friends in the state of Chihuahua say he will be vindicated of the charge.

PROGRAM FOR MIDSUMMER MEETING OF STATE PRESS

Special to the Gazette.
Salida, May 14.—The program for the midsummer joint meeting of the Colorado Editorial association and the Arkansas Valley Press association, has just been made public by the secretary, Paul B. Smith, of this city.
The meeting is to be held in Glenwood Springs, June 8 and 9.
A feature of the sessions will be the presence of Walter Williams, commissioner to the foreign press for the Louisiana Purchase exposition at St. Louis, who will present important matters relative to press representation at the exposition.
The first day's session will be given up to business features, while the program for the second day will be more recreative in its nature. Included in the second day's program is a story by Mrs. K. C. Adams of Colorado Springs. The complete program is as follows:

First Day.
Opening Address—Otto H. Wangelin, Boulder Herald, President Colorado Editorial association.
"The Arkansas Valley Press"—John F. Greenawalt, Florence Tribune, President of Arkansas Valley Press association.
"Broadening the Field of the State Association"—Frank J. Arkins, Denver Ores and Metals.
"The Boycott—What It Means—Its Redress"—F. E. Curry, Telluride Journal.
"... Systems in a Weekly Newspaper Office"—E. H. Snyder, Denver Highland Chief.
"Local Co-Operative Business Methods"—Will J. Matthews, Colorado Springs Mining News and Castle Rock Journal.
"Circulation Schemes"—E. C. Bacon, Ouray Herald.
"The Business End of It"—I. N. Bunting, Grand Junction Sentinel.
"Country Correspondents"—H. M. Mingay, Canon City Union Labor News.
"Syndicating Newspaper Forms for Advertising"—Hon. C. T. Sawell, Gunnison.

Second Day.
"Truth," a 16-line ...—W. L. Thorndyke, Loveland Reporter.
"The Western Country Editor"—Mrs. Ella D. Lane, Hahner ...
"The Country Editor of a City Daily"—Walter Juan Davis, Denver Post.
"The Alfalfa Journalist"—George B. Wick, ...
"... of a Retrained Newspaper Man"—Frank D. ..., Trinidad.
A Story—Mrs. ..., Colorado Springs Gazette.
"Reminiscences of Colorado Newspaper Men"—General George West, Golden Transcript.
"Evil Effects of Mineral Water"—Wolfe Londoner, Denver.

TWENTY PERSONS INJURED IN ARKANSAS TRAIN WRECK

By Associated Press.
Hot Springs, Ark., May 14.—The outbound passenger train on the Choctaw, Oklahoma & Gulf railroad which left here at 8 o'clock this morning jumped the track on a 15-foot embankment about a mile east of this city today wrecking all of the cars except the Pullman sleeper and carrying an iron bridge into Gulpha creek. One man was killed and at least 20 other persons were injured, one fatally and several others seriously. The dead:
JOSEPH RILEY, fireman, Hot Springs.
Fatally injured—John Ryan, engineer, Hot Springs.
Seriously injured—Newton Holt, lawyer; J. W. Weir, conductor; W. L. Hendricks, brakeman, all of Hot Springs; Will Marmell, Pullman porter, Little Rock; Jack Archer, deputy sheriff, Hot Springs; Mrs. T. F. Coone, Indian territory.

JUSTICE SUPERIOR TO LAW'S TECHNICALITIES

By Associated Press.
Pittsburg, May 14.—George B. White, director and vice president of the National Bank of South Penn at Hyndman, Pa., who has been on trial here for a week charged with conspiracy through which the bank was wrecked, embezzlement and falsification in the accounts, was today found guilty on 22 counts.
White confidently expected acquittal, he said, on technicalities in the law. The penalty is not less than five years in the penitentiary.

Those who cough at night may secure rest by taking Piso's Cure for Consumption.

ITALIAN MINER KILLED.
By Associated Press.
Trinidad, ... May 14.—An Italian coal miner giving his name as Augustini Garibaldi ... and killed another miner in their cabin at Majestic. He then fled but was captured by a short ... While returning to Majestic with their prisoner the posse was met by a mob of miners to try to take Garibaldi away from the officers. A running fight ensued and three of the officers securing a team drove to this city with the prisoner. It is not known whether any of the mob was injured or not. A ... is forming to drive ... Garibaldi. ...

ALL DANGER OF A STRIKE ON GREAT NORTHERN PASSED

By Associated Press.
St. Paul, May 14.—All danger of a strike on the Great Northern system has passed and an amicable agreement between the company and its trainmen has been reached, the schedules being signed shortly after 6 o'clock this afternoon.
Each side made concessions, although upon the face of the terms of compromise, as stated by A. H. Garretson, the assistant grand conductor of the Order of Railway Conductors, who, with Mr. Nowinski, of the Brotherhood of Railway Trainmen, has conducted the negotiations, the men have somewhat the better of it. They are granted an increase in wages which averages 15 per cent, the increase to date from March 1, last, the yardmen get the Chicago scale, which is 3 cents an hour higher than the St. Paul scale, now men are given increased wages after one year's service instead of five, as proposed by the company, and upon the double-header question, which was the cause of the deadlock in the negotiations, the men modified their demands to a slight degree. East of Minot, according to the agreement, the road may run one-half of one per cent of the gross mileage as double headers. On the mountain divisions, west of Minot, 2.5 per cent of the gross mileage is allowed to be double headers. But in computing the percentage of double header, helper engines must be included. Mr. Ward, the general manager of the road, in his offer to the men, in reply to their demands for a complete abolition of the system of double-heading, proposed to confine it to two per cent of the gross mileage, which is about the present percentage on this road. He, however, reserved the right to double head on any part of the system. This offer the men rejected and a complete deadlock in the negotiations ensued and a strike seemed inevitable. The business men of the Twin Cities, however, undertook to bring the parties together again and succeeded so well that, as foreshown in last night's dispatches, an agreement was practically arranged at once and today's conferences had only to do with considering the details.
Mr. Ward receded from his offer of 2 per cent double headers and agreed to restrict the road and confine the bulk of the two-engine trains to the mountain divisions. With this understanding the men receded from their demands for a complete abolition of the system and the details of their wage schedule and other matters at issue were then settled in a manner satisfactory to each side. Mr. Garretson in behalf of the men expressed himself as well pleased as a result of the negotiations. Mr. Ward refused to make any public statement further than to say that everything had been settled in a manner satisfactory to the company. President J. J. Hill, who has been making a tour of the western range, arrived home shortly after the signing of the agreement with the men and said he was very glad that an arrangement had been reached whereby so serious a calamity as a strike had been averted.

ALLEGED CORRUPTION IN THE MASSACHUSETTS LEGISLATURE

By Associated Press.
Boston, May 14.—The charges of corruption which originally appeared in an advertisement published in a local paper over the signature of George J. Raymond, a Boston merchant, and directed against an unnamed member of the Massachusetts senate, were repeated at the state house today, when, before a special committee appointed by the senate to hear the charges, Mr. Raymond publicly accused Senator Foster of Leicester of having approached him with and offer to "see through" certain legislation upon the receipt of $1,000. Mr. Raymond further stated under oath that Senator Foster told him that "Senator Fitzgerald" (there are two senators named Fitzgerald) was to receive half of the thousand dollars and also that the proprietor of a weekly paper published in this city had called on him and stated that if the witness wanted anything at the statehouse, he, Raymond, could get it by advertising in his paper. Mr. Raymond's testimony was corroborated in part by his bookkeeper, Miss Lydia G. Brown. At Mr. Raymond's request numerous other witnesses will be summoned before the committee at the continuation of the hearing tomorrow.

ACCIDENT APPARENTLY DUE ONLY TO CARELESSNESS

By Associated Press.
Indianapolis, May 14.—Two street cars, the second and last in a string of three cars bearing a trolley party of officers and delegates of the national convention of Royal Neighbors, collided this evening on Central avenue at Seventeenth street. HITCHCOCK FAVORS THE ADMISSION OF OKLAHOMA

By Associated Press.
Guthrie, O. T., May 14.—That Oklahoma will receive statehood this winter is the firm belief of Secretary Hitchcock of the interior department. He advocates the admission of Oklahoma alone, believing the conditions are not and will not be for several years, in Indian Territory, such as to entitle her to statehood with Oklahoma. On account of the complicated land and lease matters there he says the territory could be but an embarrassment to the state. He reports the conditions throughout Oklahoma as fully entitling her to immediate statehood. He believes New Mexico and Arizona may also secure statehood this winter, but the admission of Oklahoma is assured.

TRAIN WAS WRECKED BY SPREADING RAILS

By Associated Press.
Washington Court House, Ohio, May 14.—The Cincinnati and Pittsburg express on the Midland division of the Baltimore & Ohio and Southwestern was wrecked by spreading rails five miles east of Washington Court House at 10:40 this morning and two persons were killed and several seriously injured.
Dead.
Engineer John May, Newark, Ohio.
Fireman J. A. Leighton, Newark, Ohio.
Injured: F. M. Moore, Chillicothe, engineer, bruised; H. L. Wilson, Detroit, Mich., traveling salesman, internally injured, not believed to be serious; J. W. Ford, farmer, living near Ashland, Ohio, injured internally; Mrs. Elizabeth Robbins of Robbins Station, Pa., badly cut on ankle.
All the other passengers were badly shaken up and some sustained painful bruises.
